INFINITE CIRCLE OF LIGHT

I AM an Infinite Sphere of Light.
I AM ...Ascended and Free!
I AM inclusive of all life,
living Free in the Light.
I AM THAT I AM!

From within this Infinite Circle of Light:
The Gathering of Ascended Humanity,
In union with the Royal Kingdoms of Angels and Elementals,
Through the cohesive Power of Divine Love
uniting all Life in its Ascended State,

Now emerges into Humanity as the Theme and
Thoughtform of this Sacred Month and Cycle of the Zodiac:

I AM THE EMBODIED FLAME OF IMMORTALITY!
I AM THE EMBODIED SOLAR CONSCIOUSNESS
WITHIN THE COSMIC VIOLET FIRE.

THE VIOLET FIRE FIRST TRANSMUTES KARMIC
DEBT, THROUGH THE LAW OF MERCY,
COMPASSION AND FORGIVENESS.

THE COSMIC VIOLET FIRE THEN GIVES BIRTH TO
EMBODIED SOLAR CONSCIOUSNESS WITHIN DAILY LIFE.

I AM THE EMBODIED ENERGY, VIBRATION AND
CONSCIOUSNESS OF FATHER / MOTHER GOD
FOR THE SEVENTH RAY DISPENSATION
OF SPIRITUAL FREEDOM.

EMBODIED SOLAR CONSCIOUSNESS OPENS DIVINE
LIBERTY, REVEALS TRANSFORMATIONAL
PERCEPTION ...MANIFESTING THE STAR
OF SPIRITUAL FREEDOM!

ASCENSION CONCEPTS

Beloved Ones, let us abide beyond self, time and space. Here we
enter the Indivisible Flowing Wholeness of Universal I AM. Here,

everything and everyplace is the exact center of it all ...and there is no periphery! It is the experience of Eternity and Infinity. We become only our Eternal Flame and its Infinite Radiant Light! Here we see, feel and deeply accept 'I AM Universal I AM' ...*while embodied* ...becoming here and now both the exact center of Universal I AM, as well as knowing its endless expanse. Then, we equally accept that every other aspect of Lifeforce, on all Dimensions, Realms, and Spheres of Light, *knows this same Reality* ...also knowing the exact center of Universal I AM. And with this Transformational Perception, together standing in the Light, we are (I AM!) experiencing Solar Consciousness on this grand scale.

On further contemplation, we understand that the same Source of Energy, Vibration and Consciousness is 'everywhere present'. The essential *Foundations of Co-creation are everywhere present* ...containing all necessary Quantum State Energy, Matter and Intelligence to manifest the desired Perfection Patterns. ***All Intelligent Lifeforce is thus the exact center of Co-creation*** ...including our *Divine Instrument* as the Eternal Flame and its Infinite Radiant Light, *here and now in this embodiment*. Imagine the Ascended Masters, Cosmic Beings, and all the Forces of Angels and Elementals *knowing and feeling this same experience*. Then, as we truly appreciate Oneness Consciousness, we see the ***Immaculate Concept*** of the Gathering of Ascending Humanity ...*expressing Universal I AM in daily life* ...and beyond, holding the Immaculate Concept of all Humanity having this same Transformational Perception. This is the Divine Potential of the I AM Race!

This Vision is the culmination of the New Age of Spiritual Freedom ...to have the Spiritual Liberty to express our full Spiritual Agency. This is the Divine Plan and our Highest Potential. This is the Immaculate Concept we hold for Humanity ...until through the Ascension Process, she achieves this! We embody all the Forcefields of the Next Life Wave Coming ...the rebalance of the Masculine Ray with the Feminine Ray; the Sixth and Seventh Root Races coming to the fore in daily life with the Perfection Patterns of their Manus (God and Goddess Meru, / Lord Saithru and Lady Mercedes); the Seventh Ray Dispensation of Beloved Saint Germain; and the Great Cosmic Inbreath, with the entire Universe Ascending towards Source.

Then let us imagine then that (after our morning meditation) we take this entire experience into our day, allowing it to express through our Creative Faculties of thoughts, feelings, words and deeds. In our True Identity, we have all the necessary Energy, Vibration and Consciousness for this Transformational Perception ...and then all

the necessary Quantum State Energy, Matter and Intelligence to see it accomplished. Thus, *every day* has the potential of fulfilling the Divine Plan! Within time and space, full fruition of this Divine Potential may require the entire Major Cycle of the Seventh Ray Dispensation. But beyond time and space, it is *already everywhere present, here and now!*

Experiencing this routinely is *living within our Sanctuary*. We might conceive our Sanctuary as the physical space we have *consecrated as our Sacred Place*. On another level, our sanctuary is actually a Forcefield, built from the *Vibrational Fields* and *sustained accelerating Consciousness* ...from many hours of prayer, meditation, songs / decrees / mantras, as well as visualizations of the Divine ...a *'wave-function' Spiritual Forcefield*, where we have built a Momentum of becoming our True Identity. It becomes our Aura. Such a Vibrational Field attracts the Angels, who then sustain this Activity while we might otherwise be distracted by living daily life.

Part of the Ascension Process is to build this Sanctuary as the Forcefield of our Eternal Flame and its Infinite Radiant Light ...and that our elemental vehicles are but *the Flame's Altar moving through the physical universe*. As we progress in our Ascension Process, we may then *slip into this Sanctuary at any moment ...until we abide there in every moment!* This is the true watermark of gaining Ascended Mastery. For then we are an embodied Divine Presence with a Radiant Sea of Divinity ...an anchorage of the same Flame of Immortality which all Ascended and Free Beings sustain. Here we radiate the supreme Energy, Matter and Intelligence *of its Light* into Co-creation. This is becoming a ***Light Commanding Presence***, the Divine Potential of 'our Eternal and Infinite Sanctuary' ...embodied Solar Consciousness!

Expanding on this concept of our personal sanctuary moving through daily life ...let us visualize the Gathering of Ascending Humanity as becoming the ***Sanctuary of Ascending Humanity*** moving through daily life ...inclusive of all fields of endeavor within Humanity. Here the *'right and perfect people, doing the right and perfect thing, at the right and perfect time, in the right and perfect place, in the right and perfect way'* ...work together towards the Divine Potential of every person, place, condition and thing in their Sphere of Influence! We do so together standing in the Light, enfolding all involved in the Great Solar Quiet of the Eternal Flame's Infinite Radiant Light ...holding the Immaculate Concept of the right and perfect Perfection Patterns made manifest! This is the seed for the Indivisible Flowing Wholeness of the I AM Race, of Ascended and Free Humanity! Here *we have created a global*

sanctuary ...as it is in the Realms of Light! This is the mantra of our Light Service ...inclusive of all life Ascending, all life living free in the Light!

And SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF BELOVED LADY MIRIAM and LADY AMAZON ...the Offices of the Chohan and Elohim of the First Ray ...enhancing the Power and Purpose of the Sponsors of this Solar Year 2024.

Beloved Ones, we greet you *as your embodied Solar Consciousness*, and we welcome you into our Domain of Power and Purpose. Here we remain ever vigilant on being empty of self, time and space ...ever vigilant that our only focus is the Eternal Flame and its Infinite Radiant Light ...*ourselves as a Sun of the Sun*, in which the Three Suns of embodied Solar Consciousness express the Law of Life in action ...Divine thinking, feeling, and manifestation!

Let us contemplate the Eternal Sun of Even Pressure within our embodied Solar Consciousness. It is a perfect hologram of the same Sun of Elemental Constancy pulsating at the Center of our sweet Earth. The three Chakra Suns that compose this vibrational field begins with the Ascension Chakra at the base of the spine. This Chakra Forcefield offers the *opportunity to embody within form*, through reproductive vessels and thus gain the Ascension from within the denseness of matter. You have each sought out this experience and applied for it ...like one might apply for a sought-after experience in daily life. This gives greater context for the life experiences within daily life, seeing them through this Cosmic Lens.

The Ascension Chakra also represents the perfect Harmony and Balance of various centripetal / centrifugal forces within nature ...like the Sun that holds the Earth in its perfect orbit, not one iota closer or further ...as neither would support embodied life. This is the *Purpose and Power of the Eternal Sun of Even Pressure within our body*. It allows for Elemental Ascension, along with the Ascension of our thoughts, feelings, words and deeds. Only then comes the *transformation of the flesh into Spirit* ...from 'particle-function' matter into our 'wave-function' Mighty I AM Presence!

The embodied Sun of Even Pressure is the Sun of Elemental Constancy ...so that embodied Solar Consciousness may be '*born again*' into the perfect Elemental balance between the forces of inbreath / outbreath, centripetal / centrifugal forces, magnetism / radiation, *all in perfect balance* ...rather than elemental fatigue,

distress or disease. We see our embodied Sun of Even Pressure as a ***tangible vibrational field*** ...of accelerating Energy and Consciousness, holding a Forcefield of *harmonious embodiment within physical vehicles*. This then allows us to be focused on our Ascension Process. This was meant to maintain Health and Wellness, Youth and Beauty, as well as Strength and Stamina *through an entire embodiment* ...as we developed our Spiritual Capacity as a Light Commanding Presence. This is the Divine Plan!

The Eternal Sun of Even Pressure at the center of Earth also maintains a shield around Earth, known as its electromagnetic forcefield¹, protecting it from cosmic rays that are not meant for embodied physical consciousness. So too does our embodied Sun of Even Pressure ...maintaining an electro-magnetic Mantle of Light around our embodied presence ...even while it also opens the Gates of embodied Solar Consciousness. This Electromagnetic Forcefield is our 'Ring Pass Not of Cosmic Christ Lightening' ...guiding, guarding and protecting our embodied Solar Consciousness from inner and outer imbalance, so that from this Elemental Forcefield we may ascend into the Sun of Holy Spirit (Heart and Throat Chakras) ...and further into the Sun of God Illumination at the Third Eye and Thousand Petaled Lotus. This becomes the completed Solar Being, abiding on Earth.

Let us further visualize the three Suns *operating together, in Divine Alignment*. The Sun of Elemental Constancy encompassing the three lower Chakras is the Focus of our 'particle-function' Harmony and Balance. The Sun of Holy Spirit (heart and throat Chakras) is our 'wave-function' feelings of all the aspects of Divine Love. And the Sun of God Illumination (Third Eye and Thousand Petaled Lotus) is our Enlightenment *of being both simultaneously* ...Ascended and Free while in the world of form ...embodied Solar Consciousness!

Our initial view of our Solar Spine tends to be linear ...up and down our physical spine. But in Higher Frequency Realms, this process might be seen in various geometric patterns. Our Solar Consciousness has many permutations and combinations of expressing its Twelve-fold Nature. Yet all possible Twelve-fold Sacred Geometry manifests the Law of Life through us ...***What I think*** (the Golden Sun of God Illumination) ... ***and feel*** (the Rose Sun of Holy Spirit) ...***I bring into form*** (the Eternal Sun of Even Pressure of Elemental Harmony and Balance). One view of our

¹ Earth's magnetic field, also known as the geomagnetic field, is the magnetic field that extends from Earth's interior out into space, where it interacts with the solar wind, a stream of charged particles emanating from the Sun.

embodied Solar Consciousness is these three Suns Gates within each other. Let us invite and invoke all such unique potentials of expressing embodied Solar Consciousness, into our visualizations.

As we practice such Higher Frequency Visualization ('Seeing'), let us protect ourselves with the Ring Pass Not of Cosmic Christ Lightning ...as well as sustain around us our Cloak of Invisibility ...to protect us from lower frequencies that might impede our Ascension Process. Here, Beloved Lord Michael and his Legions assist in keeping us focused and protected in our Vision Quest ...to 'truly see our Divine Instrument as its embodied Solar Consciousness'. Here we stand in Lord Michael's Circle and Sword of Blue Flame, the Sword being our Rod of Power and Protection, and the Circle of Blue Flame being our Sphere of Influence, *inclusive of all life living free in the Light!*

We see the base upon which we stand as the Sun of Elemental Constancy ...out of which streams a Mighty Blue Lightning Ray of Cosmic Christ Protection, from anything less than the Divine Potential. We stand enveloped in this Cosmic Ray ...now safe to explore 'beyond time and space'. Safely experiencing Solar Consciousness thus begins with our secure base of existence *in embodiment* (the Eternal Sun of Even Pressure). This is seen and felt as the *Ascension Chakra* finding its Divine Potential through its extension into the *Violet Fire Chakra*, which itself now contains the Seed of embodied Solar Consciousness ...then sealed in the Divine Peace of the *Sixth Ray Golden Chakra* at the Solar Plexus.

This Eternal Sun of Elemental Constancy brings all the Forces of Elemental Precipitation into Harmony and Balance ...so that *what we think* (Sun of God Illumination) *and feel* (Sun of Holy Spirit) within embodied Solar Consciousness, we *bring into form*. This is the *Law of Life* ...and we are here to *wield it as intended within the Seventh Ray Dispensation of Spiritual Freedom*. We then know our full Spiritual Agency, through these *three Gates* of Solar Consciousness ...becoming a Seventh Ray Solar Christ Self.

Let us practice 'empty of self' on all three levels ...beginning with empty of elemental imbalance. We accept our Eternal Sun of Even Pressure as 'our constant' of embodied Harmony and Balance. Then we practice empty of negative feelings so that we might be filled with the Sun of Holy Spirit. Then our minds are emptied of criticism, condemnation and judgment, so that we might be filled with the Sun of God Illumination.

The Violet Fire is designed as a Forcefield that assists in this exact *daily practice* ...becoming empty of self, time and space by placing all thoughts, feelings, words and deeds *not yet Ascending* into its Transmuting Forcefield. With this underway, the Violet Fire is then designed to bring *embodied Solar Consciousness into awareness* ...effecting a Transformational Perception in personal awareness ...thus offering Divine Love and God Illumination into all that we do, think, say or feel.

This is living Ascended and Free! Now my I abide in the Land of Boundless Splendor and Infinite Light ...filled with the *Peace of being in the world but not of it* ...fully open to Higher Frequency thoughts, feelings, words and deeds ...manifesting my Radiant Sea of Divinity! This is the Power and Purpose of Original Intent ...God's Will!

And together, standing in the Light with you, we seal you in this Forcefield! And SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF THE BELOVED WORLD TEACHER ...on the Way of the World Teacher ...

Welcome dear ones into the Brotherhood / Sisterhood of the Golden Robe. This is a great lineage of developing God Illumination while in embodiment. In such attainment, you have around you a Golden Mantle of God Illumination associated with embodied Solar Consciousness. This Brotherhood / Sisterhood of the Golden Robe is a global Forcefield of the Planetary Buddha and the World Teacher. I AM here to *assist you into this fold*. Feel this Golden Robe draped over your shoulders, enfolding you like a Mighty Aura of God Illumination ...truly abiding in the Great Solar Quiet of the Eternal Flame's Infinite Radiant Light. It is actually the Aura of your Mighty I AM Presence enfolding you ...and will be perceived much stronger as you further attain embodied Solar Consciousness. The hood of this Robe is experienced as a *shimmering, flowing, Golden Light ...the halo effect*.

We are familiar with the Taoist Mantra 'I AM empty of self and One with the Way ...the Way is filled with Virtue'. Let us contemplate this Truth, as to how 'the Way' is revealed to Humanity. Before the global internet, there were only books and the word of mouth. Therefore, disciples would go forth to proselytize and preach ...trying to reach the consciousness of others and persuade them of

a certain understanding. Over the last few decades there has developed a global mind (the internet), where persuasion occurs through 'social media influencing'. But since this has few safeguards, there is both healthy information and much misinformation. So there needs to be *Higher Frequency inter-connection engaging the minds of Humanity* ...fundamental to her Ascension Process.

Let us envision this as linkages between Humanity at a higher ethereal, subtler point of contact ...where *imbalance and lower frequency cannot abide!* Here the *receptive machinery* for communication is the Eternal Flame (even if only a tiny spark in some at present) ...and the *global connection* is based on the Oneness Consciousness building through the Ascension Process. Such linkage or intercommunication has actually begun as a 'Gathering at Higher Frequency' ...our *Gathering of Ascending Humanity!* Think of it! Here the Energy, Vibration and Consciousness *within a message* must be of a certain frequency *in order to be delivered and received at its intended potential.*

We see Humanity open and receptive for this Transmission of God Illumination because *the desire for the Divine is powerful across Humanity!* Our Light Service is the *Gathering of all the goodness in the world* ...free of any national, cultural or religious dogma and thus includes everyone. As Light Servers, we might see this as a ***global Transmission of the Flame ...Eternal Flame to Eternal Flame ...a global Holy Communion.*** As we develop embodied Solar Consciousness, our Light Commanding Presence becomes a *powerful beacon for the Transmission of God Illumination within Earth's atmosphere*, with more capacity to connect with the inner mind and heart ...the thoughts and feelings of Humanity. For most people are fatigued by the never-ending cycle of outer news and desire the Peace of the Light within. This is our role.

For then we *invite, invoke and unite with them* in Holy Communion. This is ***'the Way' of the World Teacher*** and all who assist in this global Light Service. As we abide in our own Light, within the Great Solar Quiet of our Eternal Flame's Radiance, we then connect with that *same Innate Divinity* within all Lifeforce (however hidden). We then *invite, invoke and envision* the Divine Consciousness within each one to *arise into tangible awareness* ...enough to *solidify this connection.* And this *general raising of consciousness is happening*

...*the Ascension Process is proceeding* ...even though the forces of imbalance try to maintain the veil of maya or illusion².

Humanity is becoming more open and receptive to the Next Life Wave Coming. How they see, hear or interpret *the content* may be diverse, but the process is flowering within! Let us affirm the Peace of Enlightenment of the World Teacher:

I abide in the Great Solar Quiet of my
Eternal Flame's Infinite Radiant Light!
My mind abides in the Great Solar Quiet.
My feelings abide in the Great Solar Quiet.
My body abides in the Great Solar Quiet.

I AM a Forcefield of the Great Golden Robe!
I abide in the Land of Boundless Splendor and Infinite Light.
I communicate this to Humanity through our Holy Communion,
a Transmission of the Flame to all Life, everywhere present!

Beloved Brothers and Sisters of the Golden Robe, in our True Identity and as our Divine Instrument, we become empty of self and *fill it with our Eternal Flame and its Infinite Radiant Light*. But also, *we fill it with the Eternal Flame's Infinite Radiant Sound and Fragrance*. This is the experience of Holiness ...of the Divine. This is experienced in the Presence of a Great Angel, or Elemental Deva ...as well as in the Aura of an Ascended Master or Cosmic Being. This ***Forcefield of Holiness*** overrides the outer senses, and one *experiences a reverie of Light, Color, Sacred Tone / Sound, Holy Fragrance* ...with the sense of floating in this ***Sea of Radiant Divinity***. This is where I desire to greet you!

² Maya is perceived reality, one that does not reveal the hidden principles, the true reality. Here is a poem from the ancient Hindu Vedas:

The sages look into the solar orb, the ordainers desire the region of his rays. The Sun bears the word in his mind; the Gandharva has spoken it within the wombs; sages cherish it in the place of sacrifice, brilliant, heavenly, ruling the mind. I beheld the protector, never descending, going by his paths to the east and the west; clothing the quarters of the heaven and the intermediate spaces. He constantly revolves in the midst of the worlds.
—*Rig veda* X.177.1-3,

The above poem discerns, using symbolic language, a contrast between mind influenced by light (sun) versus magic (illusion / maya / ego).

Now with the dawn of our embodied Solar Consciousness, we may experience this in the *Aura of our own Holiness and Divinity* ...our own *Eternal Flame* and its *Infinite Radiance of Light, Color, Sound and Fragrance*. Our experience becomes *the aura of our own Holiness* ...our *Radiant Sea of Divinity*. Here the Angels and Elementals gather in the Rays of our Light!

And this adds Power and Purpose to our *global Holy Communion of God Illumination* ...as Brothers and Sisters of the Golden Robe. Just as we all look forward to a Spiritual Conclave where we may abide in the same 'space' with others in Light Service ...so too does our Divine Instrument become a powerful Ascending Forcefield *inclusive of all life living free in the Light*. In embodied Solar Consciousness, we may sit alone in our individual or group Sanctuary but be in Oneness Consciousness (in the same Sacred Space) with every Ascended Master and Cosmic Being, all Angels and Elemental Devas, and all of the Gathering of Ascending Humanity ...as they would all 'answer the call' to attend our meditation at this level of *global Holy Communion*.

This Light Service also brings us ever closer in *Holy Communion with our Mighty I AM Presence*. This Ascended and Free Electronic Being sends forth countless Cosmic Rays into Universal I AM, as well as across Humanity's global Consciousness! And so too does every Ascended and Free Being, including those embodied, experience this same Cosmic Light Service. And if only one of those countless Cosmic Rays of our Mighty God Presence enters our meditation, then our Meditation becomes a Limitless Forcefield of Group Light Service. This is the Power of embodied Solar Consciousness and the power of the Gathering of Ascending Humanity. This is the meaning of 'yea, though I walk through the valley of death, I shall not fear ...I AM not alone' ...and why the Ascended Masters teach: 'one with God is a majority!' Affirm:

I abide in the Great Solar Quiet of
the Eternal Flame's Infinite Radiant Light!

I AM *releasing myself*
into this Great Solar Quiet!

I AM *releasing (name of another person
or situation)* into this Great Solar Quiet!

I AM *releasing Humanity*
into this Great Solar Quiet,
into this Radiant Sea of Divinity !

I abide in the Great Solar Quiet
of every Ascended Master and Cosmic Being,
Angel and Elemental ...as well as this same Forcefield
around the global Gathering of Ascending Humanity!

I AM A CHILD OF THE LIGHT!
I Love the Light! I Bless the Light!
I live in the Light! I AM THE LIGHT!
I AM the Eternal Flame's Infinite Radiant Light!

Beloved Ones developing embodied Solar Consciousness, let us put aside the previous cultural / religious restrictions upon the three lower Chakras and embrace the Spiritual Freedom they now assist in building. On one level, they have allowed physical reproduction and birth into physical bodies, attaining physical consciousness. This is vital, as only from that point may we develop our Spiritual Consciousness *in the world of form*. Previous cultural or religious teaching might have encouraged not to give attention to these lower Chakras, as we desired to evolve our upper Chakra Suns of Love and God Illumination.

However, when our path of Spiritual Development reaches a certain point and we are ready for the *vibratory ascent* from the Seven-fold embodied consciousness towards Union with the Mighty I AM Presence, then these three lower Chakras take on a new purpose, becoming the firm foundation of our developing *Twelve-fold Solar Consciousness* ...agents of the Twelve Houses of the Sun ...birthing the Seventh Ray Solar Christ Self.

It begins with the Ascension Chakra. The Ascension Flame is the *antidote to gravity*. Gravity is the effect one object has on another, drawing them together. In embodiment this becomes the drawing down of Energy, Vibration and Consciousness into matter. Such was the Divine Plan from Father / Mother God ...to see 'how far into dense form could Perfection Patterns manifest'. So, to begin our journey in elemental vehicles, the Ascension Chakra simply agreed to set its frequency of Energy, Matter and Intelligence so that gravity would be enough to physically hold us on the planet, as well as draw down the Higher Frequency of thoughts, feelings, words and deeds to express within the world of form ...as God in Action herein. This was the sublime outcome of the first Three Root Races.

Then, with the 'great fall' ...the coming of the laggards and Humanity's fall into ego frequency ...the Ascension Chakra had to further adjust, allowing for even lower levels of frequency so that

reproduction into embodied vehicles could carry on ...with the hope of redemption and restoration of the Divine Plan, and Humanity again achieving her Divine Potential. Now, with this present Cosmic Moment of the Next Life Wave Coming, the Ascension Chakra may release more of its 'anti-gravity Forcefield', with the raising up in frequency of our physical form, as well as our thoughts, feelings, words and deeds ...all of our Creative Faculties Ascending into our embodied Solar Consciousness.

In progressing up the spine, we next contemplate the Violet Fire Chakra. It initially had only the purpose of *holding the Immaculate Concept for the Ascension Chakra ...that of arising into the embodied Solar Consciousness within the Cosmic Violet Fire*. But when the 'great fall' changed the developing trajectory of Humanity's path, this Sacred Violet Fire then emphasized its Qualities of Transmutation, Mercy, Compassion and Forgiveness to allow for a chance of *undoing karmic debt before it can act, manifest or longer be sustained ...thus restoring the Divine Plan*. Now it too can unleash more of its Original Intent and Purpose ...embodied Solar Consciousness expressed in daily life ...leading to a New Age of Spiritual Freedom.

And the Chakra of Peace at the solar plexus was to seal each of the activities of the Ascension Chakra and the Violet Fire Chakra in Peace Divine ...ensuring its *permanency*. This was to maintain an *Eternal Foundation of Perfection Patterns manifesting in the world of form ...the Original Intent of our sweet Earth*. The Peace Chakra sustained the activities of the Ascension and Violet Fire Chakras in their Divine Potential. And again, it is now prepared to flower this Divine Activity in the *rebirth of embodied Solar Consciousness!*

Together, standing in the Light, these three Chakra Suns constitute the Forcefield we know as the Eternal Sun of Elemental Perfection Patterns ...reproducing the same activity that sustains our sweet Earth at her core, maintaining the equanimity of centrifugal and centripetal forces on every level of Life force on Earth ...and the electromagnetic forcefield emanating from this Eternal Sun of Even Pressure that *protects from lower frequency radiation*, so that it no longer interferes with the Ascension Process.

And with this Elemental Foundation in place, we see our *Light Service fulfilled* by assisting Humanity through *global Holy Communion ...arising then into her Sun of Holy Spirit and its Divine Love Nature ...as well as the Sun of God Illumination and its Luminous Mind of God*. This is the Ascension Process as seen from the Office of the World Teacher.

Welcome into its embrace as a Radiant Sea of Divinity!
And SO IT IS , BELOVED I AM!
