I AM RELEASING ITS INFINITE RADIANT LIGHT,
OF *QUANTUM ENERGY*, *QUANTUM MATTER* AND
QUANTUM INTELLIGENCE INTO THE WORLD.

WITH ALL OF THIS POURING THROUGH MY EMBODIED
SOLAR CONSCIOUSNESS ...*I AM INSPIRING THE*
CO-CREATION OF THE NEW WORLD!

SACRED TEMPLATE

BREATHING STATEMENT

(empty of self and breathing as only Eternal Flame)

I AM Inbreathing and Absorbing the Eternal Sun of Elemental Constancy¹, the Foundation of my embodied Solar Consciousness.

I AM Expanding and Projecting the Eternal Sun of Elemental Constancy ...for Humanity's embodied Solar Consciousness.

AFFIRMATIONS

I AM the Eternal Flame composed of an Energy, Forcefield, a Vibrational Field and a Focus of Consciousness.

I AM releasing its Infinite Radiant Light of *Quantum Energy, Quantum Matter* and *Quantum Intelligence*, in all that I AM ...in all that I do, think, say or feel!

I AM the three Gates of Solar Consciousness.

I AM the Eternal Sun of Elemental Constancy.

I AM the Eternal Sun of Cosmic Holy Spirit.

I AM the Eternal Sun of God Illumination.

These Three Suns create my Infinite Circle of Light.

Each of these Suns has four Cardinal Points,
creating the Twelve Houses of the Sun
expressing its fluid Sacred Geometry.

I AM giving this Eternal Flame and its Infinite Radiant Light *Its Full Spiritual Agency in the world!*

I AM God in Action *inspiring* the co-creation of the world ...in the Perfection Patterns of her Divine Potential.

I AM the *Flame of Immortality* seeking its embodied Manifestation! I AM its *Light Commanding Presence!*

¹ Eternal Sun of Elemental Constancy is another name for the Eternal Sun of Even Pressure, holding in Divine Alignment all the basic forces of physics in the physical universe ...holding the Immaculate Concept of *Elemental Harmony and Balance* for *our sweet Earth* as an elemental planet ...as well as for *our embodied Solar Consciousness* within elemental vehicles.

As God in Action, I AM the Creator of this world!
I AM the Gathering of Ascending Humanity, and
the entire I AM Race, as the Creator of this world!

This is the Ascension Process of Humanity
and of our sweet Earth!

All the goodness in the world comes from this
Flame Focus of Energy, Vibration and Consciousness.

All my desired Youth and Beauty, Health and Wellness,
Simplicity and Symmetry, Harmony and Balance ...comes
from the Eternal Flame and its Infinite Radiant Light.

***I AM the Resurrection and the Life
of this embodied Solar Consciousness.***

I AM the embodied Solar Consciousness
within the Cosmic Violet Fire!

This is the Gift of Spiritual Freedom,
within the Seventh Ray Dispensation!

I AM the Seventh Ray Solar Christ Self!
I AM the Violet Fire accelerating all vibrational fields
within every cell, atom and electron of my embodied being.
I AM its Atomic Accelerator ...a gift of the Seventh Ray.

I AM empty of self, time, and space.
*I place my physical, etheric, mental and emotional
vehicles, and all my Creative Faculties, in Violet Flame!*

Then I go about my day as God in Action,
creating the world of Spiritual Freedom I desire.

I abide in the Great Solar Quiet of
the *Violet Flame's Infinite Radiant Light.*

This is the Liberation of embodied Solar Consciousness!
This is the Star of Spiritual Freedom Initiated!
This is our Solar Year Victory!

I AM the embodied Twelve-fold Aspects of Deity as a *lived
experience within daily life!* I AM opening the Gates
for embodied Solar Consciousness for Humanity!

I AM the Seventh Ray Solar Christ Self!
I AM a Priest / Priestess in the Order of Zadkiel!
I AM a Divine Director of Sacred Fire *and* its Radiant Light!

I AM ...*that I AM ...that I AM!*
And SO IT IS, BELOVED I AM!

ASCENSION CONCEPTS

Beloved Ones, let us embrace this monthly cycle leading up to the *lived experience of the Resurrection and the Life*...Easter Celebration. This Holy Week culminates on the first Sunday after the full Moon that occurs on or after the spring equinox. So, we are actually *celebrating the spring equinox* or, in Higher Perceptual terms, *the Eternal Spring*. Seasonal changes occur differently in the northern / southern hemispheres, but on the spiritual level, this Renewal Activity involves all Humanity. This is because our evolution into embodied Solar Consciousness is an aspect of *Cosmic Resurrection* within the *Great Cosmic Inbreath* and reflects *the Celestial Eternal Spring* ...the Eternal Hope and Renewal that pervades Universal I AM.

Embodied Solar Consciousness *is to be experienced*. We may describe the foundations of understanding this Higher Frequency. But it is so much more than a mental or visual concept. Embodied Solar Consciousness *must be experienced to be understood* (...rather than trying to understand it and thus experience it). It is a *process* rather than a *concept*. It is to be *united and aligned with, using all of our Creative Faculties*. Only then do we see, feel and deeply accept its *embodied Cosmic Momentum*, as a gift from Universal I AM. It flows to us and through us ...and we feel Oneness with the *Cosmic River of Divine Potential Resurrecting itself on Earth ...again!*

So let us *practice daily* the process of these Ascension Concepts around embodied Solar Consciousness ...until it flows in and out with *every breath* ...only ever-expanding with *every heartbeat* that nourishes us. Our anchorage of this Spiritual Freedom is in our *constancy and loyalty to its First Cause* ...the Ascension Process of ourselves, Humanity and our sweet Earth.

Affirmations and mantras are the practice of the mind. So, there will be more of these, as we come closer to our full Spiritual Agency. With a one-pointed, calm mind, this allows the emotions to evolve, as the Sun of Holy Spirit opens us to the Glory of Divine Feelings

that await us within our embodied Focus of Holy Spirit. We all understand that emotions are the most powerful aspect of daily life and now *we invoke this Sun of Holy Spirit* to reflect its Glory through our daily feeling nature. This first becomes an *expected experience* ...then with development, a *tangible, felt experience*.

As we sustain this Practice, let us remember and contemplate that there is a Harmony and Balance between *committing to full Spiritual Agency* ...and simultaneously *remaining humble* and empty of self ...especially guarding against spiritual pride. This is a Keynote of gaining Ascended Mastery ...the ***Harmony and Balance between the full Power of our Spiritual Agency and the loving kindness of Reverence for all Life, towards all aspects of Lifeforce on Earth.*** This is the Divine Plan and Highest Potential of Humanity ...from which we become Ascended and Free. From there, we then progress into Dimensions, Realms, Spheres of Light beyond time and space. It is an endless journey of Divine Development into ever-higher States of Consciousness ...but beginning with Reverence for all Life.

As to this monthly cycle, the Cosmic Violet Fire is now within its ***own Activity of Resurrection.*** It now finds its full renewal as when it abided in the Causal Body of Father / Mother God in the Central Sun. Imagine that the Violet Fire itself is finally finding a Home on Earth, within Ascending and Free Humanity. With this Resurrection, the Violet Fire is now *accelerating the vibrational fields of every cell, atom and electron ...every person, place, condition and thing ...all Lifeforce on our sweet Earth ...every focus of consciousness operating within and around Humanity ...and all complex karmic patterns manifesting in daily life on Earth.* These karmic patterns arise so as to be included in this Sacred Opportunity ...inclusive of all life living free in the Light!

Let us meditate on this *luminous* Violet Fire. It is accelerating the Ascension Process towards *emerging Transformational Events in Consciousness* ...allowing the ***Resurrection of Humanity's True Identity***, as a ***Divine Instrument of Co-creation.*** This renewal of the *Eternal Spring of our embodied Solar Consciousness* may express as an affirmation:

I abide in the Great Solar Quiet of
my Eternal Flame's Infinite Radiant Light.

Within this Cosmic Peace, ***I AM the Resurrection and the Life*** of the Flame of Immortality governing all that I do, think, say or feel ...***the Governing, God Intelligence, of Divine Love.***

I AM the *Three-fold Flame in action*, conveyed through
all thoughts, feelings, words and deeds from me!
I AM living my full Spiritual Agency, even as
I AM holding Reverence for all Life!

Let us visualize our embodied Eternal Sun of Even Pressure uniting with the Mystic Ring of Violet Fire ...a Forcefield encompassing the three lower Chakra Suns ...from the base of the spine through to the solar plexus. This Mystic Ring of Violet Fire becomes the *Eye of Divine Liberty opening* ...specifically opening the 'particle-function' physical spine (housing the Seven Chakras) into its Twelve-fold 'wave-function' Solar Spine. And thus, we visualize *from the Mystic Ring of Violet Fire is born our embodied Solar Consciousness* ...with the Seventh Ray Solar Christ Self *brought forth into daily life on Earth!*

From this moment forth, the Ascension Chakra, Violet Fire Chakra and the Peace Chakra are encompassed with the Mystic Ring of Violet Fire. This Seventh Ray Forcefield expands with every Outbreath ...*further uniting all life in her Ascended State*. And from this point, Humanity *may now Ascend* into the Heart, Throat, Head and Hands of Divine Service ...through Ascending into the Sun of Holy Spirit and the Sun of God Illumination. This becomes the full Divine Instrument of our embodied Solar Consciousness. Affirm:

I AM the Spirit of the Cosmic Violet Fire moving within me.
I AM the Activity of Beloved Lady Holy Amethyst,
active again within daily life on Earth!

This is becoming a Priest / Priestess in the Order of Zadkiel. Let us see and feel the Violet Fire in motion, flowing through every heartbeat, every breath, and every molecular interaction of our Body Elemental. We see and feel the Violet Fire transmitting through every thought, feeling, word and deed, on every level of our physical, etheric, mental and emotional being ...until *I AM a moving, flowing, ever expanding Forcefield of Violet Fire ...in all that I AM!* This is the Seventh Ray Solar Christ Self! Anchoring and then becoming these Teachings of Sacred Fire is the opening of the New Age of Spiritual Freedom. And SO IT IS!

The Violet Fire is the gift given to Beloved Saint Germain for this New Age of Spiritual Freedom, coming directly from the Central Sun. Just as the Ascension Flame is 'anti-gravity' ...where frequencies / vibrational fields raise up instead of falling down ...the Violet Fire is the 'anti-illusion, anti-confusion' Forcefield ...where the grip of ego-distortion is undone, through dissipating the forces

of confusion / illusion into their basic atoms and electrons. This then brings about their *transformation* into the Higher Frequencies of their original Divine Potential ...forever setting free that energy and lifeforce from the grip of ego ...*free into the Light!*

Energy is neither created nor destroyed, *only transformed*. The Sacred Violet Fire is the Agent of Transformation ...an Ascending Force of Co-creation which we may wield in the Name of Father / Mother God and their Original Intent of Spiritual Freedom. Fire has always been the transformer of solids (ice) to its more fluid state (water) and then to its more etheric state (steam, which floats ways). Let us think of ego-illusion / distortion as this block of ice. We bless every electron of energy yet manifesting as illusion or confusion, back to the Great Central Sun for repolarization, never again having to serve human-ego creation. And from there it may proceed into Higher Frequency Co-creation within Universal I AM.

Beyond invoking the Violet Fire from other Dimensions, Realms, Spheres of Light ...more importantly we affirm, *I AM it's Focus on the world ...it's Spirit moving within Humanity* ...raising Humanity through her Ascension Process, towards Divine Potential.

This is the service of the Gathering of Ascending Humanity!
And SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF LADY AMARYLLIS, GODDESS OF THE ETERNAL SPRING.

Beloved Flowers opening in the Garden of Solar Consciousness, welcome into the embrace of the Eternal Spring ...a *Celestial Forcefield I hold for this Solar System* ...especially for the development of *embodied* Solar Consciousness within Humanity at this Cosmic Moment. You are already familiar with the foundational mechanics of this Ascension Process, so let us begin from that point in forwarding this 'spiritual revitalization' project.

Dear Ones, the three Gates of embodied Solar Consciousness are seen along the spine of Seven Chakra Suns ...but are also represented within the physical brain. The brain receives its Lifeforce from the Silver Cord of Light streaming from the Mighty I AM Presence. This River of Electronic Energy anchors into the Eternal Flame at the Heart Center, and from there ascends into the brain. Broadly speaking, the top of the brain represents our higher cognitive functions; the middle of the brain our feeling world; and the lower brain our elemental / physiologic / bodily homeostasis for

harmonious physical function. And running through all of it is the ‘connectome’ of multiple neural circuits. The Atomic Acceleration of this more complex circuitry reflects the Twelve-fold Streams of Deity coming with embodied Solar Consciousness. This Forcefield now establishes multiple connectivity, through many nodal points throughout the brain and nervous system. And just as each of the physical neural circuits involve all aspects of brain function, so too does our Twelve-fold Aspects of Deity have many synchronized points ...forming fluid episodes of Sacred Geometry ...from the top to the bottom of the Solar Spine, as well as from inner to outer Circles of Light ...each one telling an episode of the *great story of our unfolding, developing Ascension Process*.

Each night when we sleep, let us affirm these Three Suns of embodied Solar Consciousness, as well as their representation within the brain. We might see our Three Suns as *one above the other* ...or, *one within the other*, along many variations of Sacred Geometry. We then affirm as we enter sleep:

I AM the Peace of a Perfect Sleep,
under the serene glow of a billion stars,
centered in my *embodied* Solar Consciousness.
I AM Oneness with *Universal* Solar Consciousness!

I AM the Peace of a Perfect Awakening,
emerging into the soft new morning Light,
into the Great Solar Quiet of my Eternal
Flame’s Infinite Radiant Light.

This is the Inbreath / Outbreath Activity of my day!
I AM Building Divine Self, through the cycles and
circuitry of my embodied Solar Consciousness!

Now let us further move from the mechanics of embodied Solar Consciousness to expand *its felt experience*. Embodied Solar Consciousness brings ***Reverence for all Life***, when all three Gates of embodied Solar Consciousness are open and functioning towards their Divine Potential. We see and feel the Sun of God Illumination energized, so that Humanity begins to expand the social connection² in her global mind from that of “only having empathy for those like me” (same race, tribe, culture, religion, etc.) ...to Reverence for all Life ...loving kindness for all persons, places, conditions and things. This then allows for a lived sense of our Oneness Consciousness ...towards that of *the Indivisible Flowing Wholeness of Humanity*

² The brain is 80% a *social organ* ...dealing with reactions to our environment. Only about 20% of brain function governs the homeostasis of the body.

being paramount ...thus becoming the Governing God Intelligence of planetary daily life ... God in Action on Earth.

Think of your Eternal Flame and its Infinite Radiant Light as you would your computer. You have been invited to connect it to the largest, most powerful main-frame computer in the universe in order to download all the Love, Wisdom and Power of that massive Divine Instrument. But the personal computer must first be properly prepared, or such a download might simply 'burn it out'. This proper outfitting of our personal Divine Instrument is ***becoming the Higher Frequency of the Eternal Flame and its Infinite Radiant Light*** ...the Love, Wisdom and Power of the Flame of Immortality. This is 'the Way of renewal' and the basis of the Eternal Spring within Humanity's consciousness.

Let us see these Three Gates as the ***Temple of Solar Consciousness***. The Eternal Sun of Even Pressure constructs the Flame Room, using Higher Frequency Elemental Perfection Patterns. The Sun of Holy Spirit is the Altar within the Flame Room, upon which every Service is made in the name of Love. And the Sun of God Illumination is the Flame upon the Altar. *Together, standing in the Light*, these create the Temple of embodied Solar Consciousness!

I AM in the Great, Great Silence
of my Eternal Flame's Radiant Presence.

I abide in the Great Solar Quiet
Of my Flame's Infinite Radiant Light!

I AM AN ETERNAL FLAME ...composed only
of Energy, Vibration and Consciousness.

I AM embodied Solar Consciousness!
I AM the Energy Fields of the Realms of Light.
I AM the Vibrational Fields of all Perfection Patterns.
I AM the Field of Consciousness of the Divine Potential.
This is my Force-field. And I AM ...that I AM ...that I AM!

I AM THE FLAME'S INFINITE RADIANT LIGHT,
composed of Quantum State Energy, Matter and Intelligence.

I AM the Energy of Quantum Co-Creation.
I AM the Intelligence of Father / Mother God.
I AM the Perfection of Matter in its Quantum State.

I AM this Truth streaming forth into the world!

I AM embodied Solar Consciousness!

This is what I AM!
And I AM that I AM!

And in the Governing God Intelligence of Divine
Love, of the Next Life Wave Coming ...

I AM an '***emergent phenomenon***' ...of every Eternal Flame
arising within Humanity ...to be heard as the Voice and felt
as the Presence ...of the ***Great, Great Silence within.***

I AM the Flame of Immortality arising within Humanity, as
the Source of all Goodness, all Health and Wellness,
Youth and Beauty, Simplicity and Symmetry,
as well as *physical* Harmony and Balance.

I abide in the Great Solar Quiet of my Eternal Flame's Infinite
Radiant Light! ***Here I AM***, completely trusting that Father /
Mother God has placed within me all the Quantum State
Energy, Matter and Intelligence *for all I require*
along my *embodied* Ascension Process!

I AM empty of self, time and space of the outer world.
I turn to the Mighty I AM Presence within, as God in Action
through my Creative Faculties of thought, feeling, word and deed.

This Divine Instrument is all that I require or desire to Co-create
my own Ascension Process and assist that of Humanity,
inclusive of all life living free in the Light!

This is my Eternal Spring!
This is Humanity's Eternal Spring!

At the base of my spine are the physical gates of life, so
that a *physical* consciousness may be born into a *physical* life.

Now the Twelve Aspects of Deity transmits their Perfection
Patterns along this physical spine, transforming the ***Ascension***
and Violet Fire Chakras, into the Gates of Life for an
embodied Solar Consciousness, born into a Solar
Life, on Ascended and Free Earth!

And then ***I AM at Peace in my Sun Chakra*** at the Solar Plexus.

And further up my Solar Spine, I may now embody the Heart,

Throat, Head and Hands of 'God in Action' ...with the Twelve Houses of the Sun fully aligned with my Creative Faculties.

Again, *this is my Eternal Spring!*
This is Humanity's Eternal Spring!
This is the Resurrection and the Life!

And SO IT IS BELOVED I AM!

Energy, Vibration and Consciousness of the Great Divine Director, Beloved Lord Saithru ...as a Priest in the Order of Zadkiel, a Divine Director of the Cosmic Violet Fire and Manu of the Seventh Root Race ...on the Spiritual Freedom found through abiding in the Light.

Beloved Ones ...I join you from my Temple over the great expanse of the Amazon rain forests, themselves a focus of great quiet from the noise of daily life ...but equally one set for renewal into her Divine Potential as the Land of Boundless Splendor and Infinite Light for the Sixth and Seventh Root Races. I come representing the Original Intent for these new Root Races *and* of the Feminine Ray they come enveloped within ...as both Cosmic Rays now enter Humanity's Consciousness under the Banner of Beloved Saint Germain's Seventh Ray Dispensation of Spiritual Freedom. Combined with the Great Cosmic Inbreath these all represent the Next Life Wave Coming.

Let us affirm:

I LOVE THE LIGHT. I BLESS THE LIGHT.
I AM A CHILD OF THE LIGHT!
I LIVE IN THE LIGHT!
I AM THE LIGHT!

Everything I require or desire *is in the Light*, within its Quantum States of Energy, Matter and Intelligence.

I abide in the Great Solar Quiet, of my Eternal Flame's Infinite Radiant Light.

I abide in the Great Solar Quiet of Beloved Saint Germain's Eternal Flame and its Infinite Radiant Light, of Freedom's Holy Star ...

...of Beloved Lord Maitreya's Eternal Flame and
its Infinite Radiant Light of the Cosmic Christ.

...of Beloved Lady Holy Amethyst's Eternal Flame and its
Infinite Radiant Light of embodied Solar Consciousness.

...of Beloved Lady Amaryllis and her Eternal Flame
and its Infinite Radiant Light of the Eternal Spring!

...of Beloved Ascended Master Jesus and his Eternal Flame
and its Infinite Radiant Light of the Resurrection Flame.

(and for any of the Ascended Masters or Cosmic Beings
that one feels spiritually aligned with)

And SO IT IS, BELOVED I AM!

Spiritual Freedom

Let us abide for this moment in my Temple of the Great Divine Director. (pause and feel centered within the Flame Room of a massive Temple). We visualize together the Nature of Spiritual Freedom. It includes our personal Ascension Process into the Eternal and Infinite Spheres of Light, a transformative, inner expansiveness of Consciousness. But Spiritual Freedom *also includes Reverence for all Life here on Earth ...and thus equally desiring the same Spiritual Freedom for every aspect of life!*

An Ascended Master or Angel may be 'seen' or 'unseen', depending on their Spiritual Freedom to be in 'particle-function' or in 'wave-function'. In accepting this promise as the goal of our individual Ascension Process, let us also see, feel and deeply accept *all life* having this same Spiritual Freedom to move into its 'wave-function' existence *as it so desires ...and back again into 'particle-function' for further service to Humanity ...all for the express purpose of furthering Humanity's Ascension. This is how Indivisible Flowing Wholeness may express within Humanity. For in this way, the Energy, Vibration and Consciousness within cells, atoms, and electrons continuously has free will to move toward the Divine Potential ...rather than any further being directed through illusion into the lower frequency vibrational fields of ego-consciousness.*

This is the profound effect of Quantum State Energy, Matter and Intelligence *within Divine Light ...photons acting on every scale of existence. This applies to all life ...the micro scale of electrons, neutrons, quarks, etc. ...to macro scales of persons, places,*

conditions and things, and further into the great Cosmic Expanse beyond. Such is the Power of Sacred Fire with its Forcefields of Energy, Vibrational Fields and Quantum Intelligence directing the Cohesive Power of Divine Love into manifestation. Affirm:

*I AM 'wave-function' Divine Consciousness
entering 'particle-function' embodied life.*

*In the beginning there was the Command:
Let there be Light!*

*And I AM this Light Commanding Presence
fulfilling this promise here and now, in the
current Co-creation of daily life on Earth.*

And SO IT IS!

Beloved ones, under the Banner of the Seventh Ray, the Maltese Cross is the symbol, icon, talisman, emblem of the New Age of Spiritual Freedom ...capturing all of the Next Life Wave Coming ...manifesting now within, through and around the initiated Star of Spiritual Freedom ...anchoring it as embodied Solar Consciousness. Such is the Theme and Thoughtform of this Solar Year.

Let us visualize this ...standing in the center of our Maltese Cross of Violet Fire. The four arms of the cross meet as a Violet Flame Sun at the Heart Center ...the Mystic Ring of Violet Fire. The four arms of the Maltese Cross are the four foundations of the Next Life Wave Coming ...the New Energy, Vibration and Consciousness ...the New Love, Wisdom and Power of the Next Life Wave Coming! These four Forcefields are the Feminine Ray; the Divine Seventh Ray Dispensation of Spiritual Freedom; the Sixth and Seventh Root Races gaining momentum within daily life; and the Great Cosmic Inbreath, where *all life everywhere* is moving ever closer in frequency towards Source. Affirm:

As the Cosmic Maltese Cross,
the embodied Star of Spiritual Freedom:
I AM the Four Foundations of the Next Life Wave
Coming, pouring through my Creative Faculties into
the world, through all that I do, think, say or feel.

The Eternal Sun of Even Pressure embodied within,
brings the 'wave-function' activity of thoughts and
feelings into 'particle-function' Elemental manifestation!

I AM these Higher Frequency 'wave-function' thoughts
and feelings, pouring forth from my embodied Sun
of Holy Spirit and the Sun of God Illumination.

Through becoming an embodied Solar Consciousness,
I AM Building Divine Self, Building Divine Consciousness
and Building an Eternal Life in the Light, for all Humanity!

I AM Energy, Vibration and Consciousness at the core of all
Lifeforce, now radiating the Perfection Patterns of Energy,
Matter and Intelligence of the Eternal Flame's Light!

***This is the Eternal Spring coming ...within the
Seventh Ray Dispensation of Spiritual Freedom!***

THE VIOLET FIRE OF FREEDOMS LOVE

is the Cohesive Power of Divine Love, uniting all life
in her Ascended State ...the Coming of Holy Spirit!

is the deepest level of Adoration and Reverence
for all Life felt within Universal I AM.

is the Open Door for the Feminine Ray and
the Sixth and Seventh Root Races.

is the New Age of Spiritual Freedom in its purest
Perfection Patterns ...as the Energy, Vibration
and Consciousness of Spiritual Liberty!

is the Renewal / Restoration of the Eternal Spring!

Let us visualize Earth and Humanity vibrating within the center of
the Cosmic Maltese Cross. See, feel and deeply accept Cosmic Rays
of Spiritual Freedom now penetrating into all life. The center of the
Maltese Cross is the Violet Sun, the Mystic Ring of Violet Fire that
then expands out to the far reaches of the Cosmic Maltese Cross. It
takes Humanity's Consciousness with it, creating a great
expansiveness of Spiritual Awakening!

And SO IT IS, BELOVED I AM!
