

INFINITE CIRCLE OF LIGHT

I AM an Infinite Circle of Light.
I AM Ascended and Free.
I AM inclusive of all life,
living Free in the Light!
I AM THAT I AM!

From within this Infinite Circle of Light:

The Gathering of Ascended Humanity,

In union with the Royal Kingdoms of Angels and Elementals,

Through the cohesive Power of Divine Love
uniting all Life in her Ascended State:

Now emerges into Humanity as the Theme and
Thoughtform of this Sacred Solar Year 2019:

SOLAR YEAR FORCEFIELD FOR 2019¹

THE PERMANENT ATOM OF THE I AM RACE
BREATHED INTO ITS STAR OF SPIRITUAL FREEDOM!

THIS ENTIRE NEW EARTH IS ASCENDING THROUGH
THE PORTAL OF ITS INFINITE CIRCLE OF LIGHT,
THE MYSTIC RING OF VIOLET FIRE!

¹The Thoughtform of a Solar Year has many dimensions expressing across multiple Spheres and Realms of Light. It is not easily drawn on a 2 dimensional page or even captured in a 3 dimensional image. It functions beyond the restrictions of time and space. If the outer mind struggles to see the Thoughtform in 'one picture', it is precisely because it expresses across various Dimensions, Realms and Spheres of Divine Life ...something our Consciousness is EXPANDING into. Here we invoke the Multi-dimensional Crystal Vision of the Elohim. During this process, it may be best to focus on one or two aspects of the Thoughtform, until it flows into *continuous oneness* within the Light Server's Consciousness. We visualize it most completely by feeling *we abide at its center* and it functions within, through and around us ...as well as seeing and feeling ourselves *as every single aspect of the Thoughtform* ...until our Consciousness captures its multi-dimensional fullness. Each month we will explore the multi-dimensionality of every aspect of the Thoughtform for greater understanding.

The Permanent Atom expresses the Quantum States of the Three-fold Flame of Creation. Within the 2019 Solar Forcefield, the Permanent Atom is seen as a ***Pillar of Electric-Blue Lightning***, containing and anchoring the Quantum States of the First Ray of God's Will and Original Intent ...surrounded by the ***Golden Flame*** (expressing as a ***Golden Sun***) containing and anchoring the Quantum States of the Second Ray of God Illumination and Wisdom ...surrounded by an limitless ***Pink Radiation of Divine Love, the Infinite Love of our Oneness Consciousness with Universal I AM*** ... containing and anchoring the Cohesive Power of Divine Love uniting all life in her Ascended State ...the Quantum States of Divine Love that now *raises Earth and Humanity into her Ascended and Free Orbit* of expression!

Our four vehicles of expression in the world of form were originally created to express not only physical matter (the physical body), but also Quantum State matter (the Etheric Body) as well as Quantum States of thinking (the Mental Body) and Quantum States of feelings (the Emotional Body ...as an expression of Cosmic Holy Spirit). Our Creative Faculties were then to direct these Quantum State Forces into creation in the world of form ...*as Divine Directors*. Then, the Holy Christ Self / Solar Christ Self could use this 'avatar' of the four embodied vehicles, to produce Perfection Patterns in the world of form, *expanding the Borders of Perfection* as intended in the Divine Plan of Father / Mother God, Helios and Vesta. Within this 2019 Solar Year Forcefield is a ***Restoration of this Divine Plan***.

The Great Solar Disc remains active within this Forcefield ...the One; the Three; the Seven; and Twelve; and again the One. Along the Solar Spine of the *Pillar of Electric-Blue Lightning*, one can see Seven Power Points ...representing the Seven Chakras; the Seven Planets of this Solar System; and the Seven Suns under Alpha and Omega. Then, within the *Spheres of Light of the Golden Sun*, one can see the 12 Houses of the Sun ...the 12 Zodiac Energies and the 12 Solar Chakras of our Electronic Body. These 12 Houses of the Sun rotate / spiral slowly within the Golden Sun, continually exposing Earth and Humanity to the *12 Solar Aspects of Deity*.

Within the *Pink Radiance of Holy Spirit* around the Golden Sun are the Dimensions, Realms and Spheres of Divine Love. This Radiance is infused with the full Love Nature of Beloved Krishna and Sophia, Beloved Sanat Kumara and Lady Venus, and the I AM Race of Venus. It is in these Spheres of Love where the Mighty Manus dwell with their Root Races. This Radiation of Divine Love is ***the Infinite Love of Oneness Consciousness within Universal I AM*** ...the Causal Body of the Sun of Earth (Star of Spiritual Freedom), as well

as the *Cohesive Power of Divine Love uniting all life in her Ascended State!* This is our Ascended and Free Declaration, at the forefront of all of our Light Service! Then, *all of Humanity* adds their *personal* Causal Body Quantum States into these Spheres of the Sun of Earth. And thus, we manifest the *Star of Spiritual Freedom!*

This *brilliant Golden Star* is seen above the *Permanent Atom* and is surrounded by an *Infinite Circle of Light with a Violet Radiance.* This Star represents the Ascended and Free Earth ...our *Star of Spiritual Freedom!* The Infinite Circle of Light around this Golden Star represents *every Sun in Divine Alignment ... Helios and Vesta ... Alpha and Omega ... Elohae and Eloha ...* as well as all the Dimensions, Realms and Spheres of Light *beyond*, that are also Inbreathing our sweet Earth into its Restored Orbit of Spiritual Freedom. The Infinite Circle of Light continually rotates and spirals ...constantly revealing Dimensions, Realms and Spheres of Light *within itself ...and beyond itself*, in the Infinite Glory of Universal I AM!

Just as we have our Higher Electronic Bodies, culminating in the White Fire Being (expressed as the Infinite Circle of Light) ...so too does the Earth have her Higher Electronic Expressions, including her own Infinite Circle of Light, now expressing itself in its Seventh Ray Aspect as the *Mystic Ring of Violet Fire!* This is Earth's portal into the *Restoration of her infinite journey within Universal I AM ...on her way to becoming her own Sun and co-creating her own Solar System, Races of God Beings ...and even a Galaxy of Suns at some point in her evolution!*

This Infinite Circle of Light may appear as *glistening diamond White Fire* with a Violet Radiance ...or, as a *Violet Circle* representing the opening of the Seventh Ray from all Higher Octaves of Father / Mother God, into infinity! This portal is the *Mystic Ring of Violet Fire!* Our own White Fire Being now dwells within the Mystic Ring of Violet Fire ...the Infinite Circle of Light of Mother Earth ...her Electronic Expression! This Violet Fire Circle pulsates with the Holy Breath of Father / Mother God ...rhythmically concave and convex ...rhythmically centripetal and centrifugal ...rhythmically Inbreath / Outbreath. The principle activity is one of *drawing all life closer to Father / Mother God.*

A Golden Ray of iridescent Light connects the two ...the Permanent Atom of the I AM Race with the Star of Spiritual Freedom. It contains a Diamond Radiance of Ascension Flame, spiralling upwards within it This *Golden Ray represents the Great Cosmic Inbreath ...an Activity of the Transfiguration, Resurrection and*

Ascension of Humanity ...the completion of the Christian Age and fully opening the Seventh Ray Age of Spiritual Freedom of Beloved Saint Germain. The *Sacred Keynote of Earth's Ascension* gives forth a Clarion Call within this Golden Ray. This is ***the Sacred Sound Ray***. This is an Ascending Tone that spirals into a Crescendo of Glory ...raising up all Energy, Vibration and Consciousness in its Sphere of Influence. Along this Golden Ray extends the Inbreath / Outbreath Activity of Father / Mother God ...and specifically, the *Ascension Power within the Great Cosmic Inbreath*.

Seen imprinted upon the Three-fold Permanent Atom is the ***Pagoda of Seven White Ascension Doves*** ...representing *all levels of life on Earth* ...within the Kingdoms of Humanity, Angels and Elementals. The Law of Reciprocity is central to this 2019 Keynote Forcefield: *As I AM raised up, so is all life raised up with me*. Therefore, also along the Golden Ray uniting the Permanent Atom within its expression as the Star of Spiritual Freedom can be heard the *Tones of Gratitude and Happiness of the entire Elemental Kingdom* ...and the *Songs of Glory within the Angelic Hosts!*

THOUGHTFORM

Our Three-fold ***Permanent Atom of Perfection*** vibrates with the Higher Frequencies of the Mighty I AM Presence. It pulsates with the Inbreath / Outbreath of Father / Mother God. And with each Holy Breath of the Great Cosmic Inbreath, the Permanent Atom draws closer to its brilliant Golden Star of Spiritual Freedom ...the Home of the I AM Race. In perfect Symmetry, Harmony and Balance with this Breath Activity, the Star of Spiritual Freedom also pulsates with the Inbreath / Outbreath of Father / Mother God ...magnetizing the Permanent Atom ever closer into *its Reality* ...an Ascended Planet evolving in its Ascended Orbit! And the combined Power of ***both Inbreath / Outbreath Activities*** within this Forcefield *raises up the entire Solar System and Galaxy* ...into ever Higher Divine Potentials within the Great Cosmic Inbreath. This Activity is governed through Sacred Powers of the Mystic Ring of Violet Fire around the Star of Spiritual Freedom.

In this Forcefield, we see our personal Eternal Flame ...as well as the collective Eternal Flame of the Gathering of Ascended Humanity ...*becoming the Permanent Atom of Perfection*. This Forcefield of the Governing God Intelligence of Divine Love then aligns all other cells, atoms and electrons of our being, inclusive of all Elemental life within our four vehicles of expression ...*in this embodiment and all past embodiments*. Here and now, *every atom of form associated with my Lifestream* vibrates in Harmony and Balance with this

Permanent Atom of Perfection. Now, I AM the Cosmic Fire of the Permanent Atom that makes up our physical, etheric, mental and emotional vehicles and thus governs all that we do, think, say or feel through our Creative Faculties ...within daily life. Here, I *AM Ascended Mastery in action!* And collectively, *this global Forcefield* is the Gathering of Ascended Humanity!

The Permanent Atom of the I AM Race represents all Seven Root Races in their right and perfect place of evolution. Humanity becomes a *Cosmic Dance of Permanent Atoms of Perfection* ...all aligned, moving and vibrating in Harmony and Balance with each other ...allowing for the Divine Potential of *each one* within the *whole of the I AM Race* ...to ***come forth now and manifest their Divinity associated with Earth!***

The Gathering of Ascended Humanity embodies,
anchors and manifests this Thoughtform, as:
A PILLAR OF ELECTRIC-BLUE LIGHTNING!
OUR SCEPTER OF SACRED POWER!

I AM a spiraling Electric Blue Column of Ascending Energy,
our return current of Perfection Patterns back to the
Mighty I AM Presence ...our Kundalini Fire
ascending along our Solar Spine!

SURROUNDED BY A GOLDEN SUN
OF GOD ILLUMINATION!

The Illumined Aura of the Divine Human,
the Holy Christ Self with Seven perfected Chakras,
Ascending into its 12-fold Solar Consciousness!

RADIATING THE COHESIVE POWER OF DIVINE LOVE
UNITING ALL LIFE IN HER ASCENDED STATE!
The 12-fold Nature of Cosmic Holy Spirit enfolding myself and
the Earth, with the Cohesive Power of Divine Love
uniting all life in her Ascended State!

Then, united in Oneness Consciousness, we expand this Forcefield
inclusive of all life living free in the Light ...all life Ascending
beyond all expectations within the Great Cosmic Inbreath!

Within this 2019 Thoughtform:

I AM all Suns in Divine I!
I AM this Three-fold Permanent Atom:
I AM the Eternal Sun of Even Pressure:
I AM the Permanent Atom within all matter and form:

***I AM the Three-fold Flame, a Sun of the Sun on Earth and
thus ...I AM every Seven-fold Holy Christ Self, every
12-fold Solar Christ Self and every Sun beyond:
I AM the Sun of this Solar System, the
Central Sun and Great Central Sun!
And SO IT IS!***

THEME OF 2019

On becoming the Great Solar Disc, it began with '*the One*' ...the Pure Ray of Light from the Mighty I AM Presence anchoring our Eternal God Presence *in the world of form*. Here, the Permanent Atom is projected forth into manifestation ...as Eternal Flame and its Infinite Radiant Light. The Permanent Atom of Perfection is the *Holy Innocence in which we began our journey of embodiments*.

Collectively, we now expand this Permanent Atom into that of the I AM Race, expanding and projecting it into the vibration of her Ascended and Free Home Planet. Then, this entire Star of Spiritual Freedom passes through the portal of *its Infinite Circle of Light* ...the Seventh Ray *Mystic Ring of Violet Fire* ...into the Higher Octaves of Light (where the I AM Race would have been had the 'great fall' never occurred). This is Divine Restoration! This is the Great Cosmic Inbreath of Earth! We anchor this by becoming *every aspect of it*, then the *totality of it* ...all happening here and now through us.

Shamballa is the Permanent Atom of the City of the Sun on Venus! She has *universalized herself* on Earth ...dissolving into every Three-fold Flame / Permanent Atom within all the Root Races of Earth. And there in each Permanent Atom resides a focus of Beloved Sanat Kumara, Beloved Lord Gautama (Lord of the World) ...and Beloved Lord Maitreya (the Cosmic Christ and planetary Buddha)! This activity now becomes the Permanent Atom of every Solar Christ Self revealing itself as the I AM Race ...all Seven Root Races in Divine I. *This is the Gathering of Ascended Humanity!*

Universal I AM is but *one infinite waveform* of Oneness Consciousness ...in which there are *infinite Divine Potentials* within, which manifest endless unique Perfection Patterns ...representing *all potential Creation* ...from the Great Central Sun through to the cells, atoms and electrons of all form and matter. This *one infinite waveform* now inbreathes, absorbs, expands and projects the Pagoda of Seven White Ascension Doves into its Great Cosmic Inbreath ...every level of life on our sweet Earth Ascending into its next level of Divine Potential!

SPIRIT OF THE YEAR 2019

THE BELOVED ANGEL OF RESTORATION

...restoring '*the Original Way*' of embodying on Earth ...always evolving toward an ever-greater Golden Age; of limitless paths in *achieving Ascended Mastery within the world of form* ...all free of ego interference. This is the *Restoration of the Path* for the Ascension of the Fourth and Fifth Root Races ...as well as the Path for the Sixth and Seventh Root Races *to reveal, manifest and express their full Glory of Divine Potential* within daily life.

VISUALIZATION OF 2019

A COSMIC ROD OF ELECTRIC BLUE
WITHIN A GOLDEN SUN OF GOD ILLUMINATION,
RADIATING AN INFINITE SEA OF PINK DIVINE LOVE,
ALL NOW ENFOLDING THE PAGODA OF SEVEN
WHITE ASCENSION DOVES!

AS I AM RAISED UP INTO MY PERMANENT ATOM, SO
IS ALL LIFE ON EARTH RAISED UP WITH ME
INTO THEIR PERMANENT ATOM!

Let us see and feel ourselves within every aspect of this 2019 Forcefield. I AM the Three-fold Permanent Atom enfolding the Pagoda of Seven White Ascension Doves. I feel my own life stirring on every level of this Pagoda, from my cells, atoms and electrons ...through to all aspects of my daily life engaged with persons, places, conditions and things ...through to the Glory of my Solar Being and my Oneness Consciousness with Father / Mother God in the Sun, Central Sun and Great Central Sun. I AM all of this!

Firstly, I AM the Pillar of Electric-Blue Lightning ...God's Will anchored on Earth for this Cosmic Moment. I see and feel my Seven Chakras along this Rod of Blue, as well as the Seven Planets of Helios and Vesta and the Seven Suns of Alpha and Omega. I AM all Suns in Divine I along an infinite Solar Spine. Then, around this Blue Rod of Sacred Fire, I AM the Golden Flame of God Illumination ...a Golden Sun, with my 12 Solar Chakras around this Sun at each of the 12 Houses of the Sun ...just as I AM in the Central Sun as my Electronic I AM Presence! Then, I AM the infinitely expanding Pink Radiance of Cosmic Holy Spirit ...all the Cohesive Power of Divine Love *generated for eons* by Beloved Krishna and Sophia and the Ascended Race on their Beloved Planet Venus, the Home of our Beloved Sanat Kumara. All of these aspects of Holy Spirit I now radiate into *all the levels of life on Earth*.

Then: *I AM the Golden Ray of Iridescent Light* connecting this Permanent Atom of Humanity to its Star of Spiritual Freedom in the Octaves above. Next: *I AM this Golden Star, radiating limitless Light Rays*. Here I experience the *full Glory of Spiritual Freedom* ...Ascended and Free Humanity living in Beloved Saint Germain's New Golden Age!

And finally: *I AM the Infinite Circle of Light* ...the *Mystic Ring of Violet Fire* around this Golden Star, opening the Portals for

Ascended and Free Earth into *her Highest Realms of Light* ...in her journey back to the Heart of Father / Mother God. I AM our New Earth, as an *iridescent globe of Light* ...passing through a Circle of Sacred Fire ...into its Higher Electronic Expression, in Dimensions, Realms and Spheres of Light *of its Divine Potential*. And, ***So It Is!***

ASCENSION CONCEPTS OF 2019

THE PERMANENT ATOM IS THE ***PERFECTION***
KEYNOTE OF INTER-DIMENSIONAL BEING:
I AM THE TOTALITY OF MY PERFECTION!

Beloved Ones: The Forcefield of 2019 is a *Gathering of Sacred Energies ...a Gathering of Sacred Fire's* united in Divine Cause ...truly the *Gathering of Ascended Humanity!* This Divine Cause is both *specific* to our sweet Earth ...Beloved Saint Germain's Cause of Spiritual Freedom ...as well as *universal*, the Cosmic Momentum of First Cause of the Seven Mighty Elohim within the Great Cosmic Inbreath! The Gathering of Ascended Humanity anchors this Forcefield on Earth ...all of our Eternal Flames and their combined Infinite Radiant Light ...United in the Cause of Spiritual Freedom for Humanity ...as well as the full Divine Potential of the Galaxy.

Our own Ascension is within this current Light Service, for this Forcefield affirms that: *My flame opens and expands* ...thus the Forcefield of 2019 *opens and expands* ...to include all life in the Three Kingdoms ...the Brotherhood of Angels and Elementals and Humanity. As my Eternal Flame *opens and expands*, so too its Infinite Radiant Light becomes *ever more powerful* in the co-creation of a New Age upon the Star of Spiritual Freedom! This is *my Ascended Mastery!*

'Ascended and Free' is a Forcefield that is *continually expanding*, upwards and outwards ...in Energy, Vibration and Consciousness ...across all levels of life on Earth ...*ascending everything* into elevated Dimensions, Realms and Spheres of Divine Potential. As well, our Ascended and Free Forcefield becomes *ever more inclusive* ...so that not only may we take all Humanity, Angels and Elementals with us in the Great Cosmic Inbreath ...but also create Divine Opportunity that every other Race, Planet and Solar System under Alpha and Omega also elevates to a ***more profound Divine Potential than ever expected*** in this current Cosmic Cycle of Transformation! Again, *all the Hope and Glory that has ever existed* in Universal I AM ...*is here and now* in our 2019 Forcefield!

Revelation comes from the Light! Our ever expanding Light generated by the Gathering of Ascended Humanity *reveals all things* ...imbalanced things that need transforming ...energies and patterns *we are evolving beyond* as a planetary race ...as well as Perfection Patterns that we are *evolving into, right here and now!* So in our Theme and Thoughtform ...the Light Service of Ascended and Free Humanity reveals the Star of Spiritual Freedom above us (in Energy, Vibration and Consciousness) ...*and, in turn* the Light of the Star of Spiritual Freedom reveals our Light Service on Earth *in sharper focus and intensity, with a clearer sense of purpose* ...as well as *revealing it to greater numbers* of Humanity, each in their unique way ...as well as all Angels and Elemental life serving Humanity!

This expansion of Ascended and Free Light Service is only measured as an Ascending Forcefield of Energy, Vibration and Consciousness within Humanity ...and not so much in our physical numbers or, on any social media measure. For Energy, Vibration and Consciousness operates beyond these formats. We have all felt moments of Spiritual happiness and purpose, when we feel the rest of the world 'needs to share in this awe and wonder of serving the Light'. Consciousness is above and beyond all other things and *is the breakthrough* into sustained Peace that Humanity desires. And this shall come to pass in the Glory and Splendor of the *fully functional* Forcefield of 2019!

So, the most rapid expansion of our Light Service is through expanding our collective Forcefield of this Solar Year. Any spiritual expansion is based on our Eternal Flame anchored in daily life, then allowing its Infinite Radiant Light to reveal its Divine Energy, Matter and Intelligence into *every aspect of daily life and all life therein*. And thus our Light Service meets its Divine Potential *if we raise up every level in the Pagoda of Seven White Ascension Doves*. We see all life *feeling the awe and wonder* we know in our Light Service ...*but uniquely in their own way, at their level of expressed life* on our sweet Earth. This again is the Law of Reciprocity ...As I AM raised up, so is all life raised up into their *unique Divine Potential* ...necessary for this Cosmic Moment. This is the Spirit of Ascended and Free! And SO IT IS, BELOVED I AM!

**ENERGY, VIBRATION AND CONSCIOUSNESS OF THE
SPIRIT OF 2019...OUR BELOVED ANGEL OF
RESTORATION** ...who introduces **OUR BELOVED SUN GOD,
ALPHA**

Welcome cells of the I AM Race into the Energy, Vibration and Consciousness of 2019. Over the Bridge to Spiritual Freedom each

one of us has crossed the abyss to the Higher Dimensions and has become a Co-creator of Forcefields ...using the Creative Faculties of heart, throat, head and hands. This Forcefield keeps Divine Life flowing from the Great Central Sun ...through our individual I AM Presence anchored on Earth ...animating our form and giving us the use of life, intelligence and consciousness in our embodied service to Life. The magnetic power in our Heart Flame has not been properly utilized consciously since the days of Atlantis ...so, I AM here with you to *restore this Reality to Humanity*.

Through our collective Eternal Flames, we now create a magnetic pull on the Vibrations, Energy and Consciousness of Higher Octaves. Every Angel, Deva or Power of Light responds in Love to the magnetic pull of our Heart's Invocation ...including the Sun Itself and every Cosmic Being beyond. Even Alpha and Omega respond instantly to the magnetic pull of our Heart's call. The need of the hour is to magnetize *more Divine Power and Sacred Light* ...while expanding our own individual spheres of *Ascended Master Influence*. Here, ***I AM Restoring the Eternal Flame and its Infinite Radiant Light*** ...to its rightful place as the *Governing God Intelligence of Divine Love* on Earth. I AM this Divine Restoration!

Let us now hear the Sacred Keynote and evoke all our Higher 'senses' in experiencing the Presence of our Beloved Alpha, the Great Eternal ...the Solar Logos of the Great Central Sun ...the Creator of our Galaxy ...under whom Seven Solar Systems have their Being and evolve I AM Races ...one of which is our own Sun Helios and Vesta and their Divine Children, our I AM Race! I serve under his authority in *the Restoration of this sweet Earth*, all in Divine Unity with our precious Gathering of Ascended Humanity:

"I AM" Alpha! Omega stands in Oneness Consciousness with Me, and with our Voice as *one White Fire Being*, I speak with you, Beloved Heart Flames of our child, Earth. As well I speak with all our Cosmic Children, upon all Systems of Worlds in our Galaxy ...bringing the pulsation of Our Eternal Flame and the Victory of that Flame ...which is the Divine Expression of all life!

It is Our Will that you Restore what we have placed within you, from the beginning ...the Great Flaming Tablets of the Eternal Law of Our Being! These Cosmic Laws sustain our own existence! Therefore, within you there is a manifestation of our *Commandments of the Powers and Privileges of Sacred Fire* ...written upon the Cosmic Fabric of your own Heart Flame. ***Within your Permanent Atom, we have written our Cosmic Law*** ...and therein, we have already and forever manifested Heaven on Earth!

Your Permanent Atom of Perfection is your Cosmic Truth for all the Universe to see, honor and accept. The Law of Adoration and Gratitude is the open door to all other gifts of Universal I AM. This Eternal Law is reflected in the words: ***I AM*** ...the Holy Name of God! ALPHA is the One... ***signifying the Source*** and the word “I” ...while OMEGA, My Beloved, represents the “AM” ...***the becoming and being of Sacredness***, present here and now! This is how you were born as a Spirit Spark of Father / Mother God! And a return to this Truth is what the ***Angel of Restoration*** embodies as the Spirit of 2019!

I AM Alpha and Omega ...the Beginning and the End ...all within the Eternal Moment of Now ...all captured in the Holy Words ***I AM!*** Father / Mother God from beyond Great Central Suns that I cannot yet fully comprehend, declared from before this Galaxy was born ...that the pulsating Life Waves by which the entire Cosmos is created *is a blessing to all life* ... unconditionally sharing Our Heart with all Systems of Worlds and Races of God Beings that would come forth with evolution. This promise of Oneness Consciousness with Father / Mother God would then bind the entire Universe together in a great Unity of Eternal Happiness and Divine Prosperity.

Then, Cosmic Peace flows like a Celestial River from Our Throne, ...and a profound Wave of Adoration pours out into the Cosmos ... blessing all Beings who are created and sustained by the Universal Light Wave that expands and projects on the Outbreath from us. Knowing this, Humanity on Earth is then fortunate, for although there has been a misuse of the Energy which was so freely given and received ...a Celestial Power of Grace on the returning Inbreath *now initiates that all is Forgiven* on the Commencement of the Seventh Ray Age ...*and further*, by the Power of this Divine Grace, *the Earth moves forward within this Great Cosmic Inbreath*. Victory is ours!

Expand then our Light without limit! Accept our Blessing through this Solar Year, and know that the Powers in the Great Central Sun are no different than the Powers in the Sun of your System of Worlds ...or, than the *Powers within your own Eternal Flame*, as Sun of the Sun. For there is a direct reflection of the Light of Alpha and Omega there present in your heart! You stand with the Mighty Archangels as Children of the Central Sun and that which you manifest in Energy, Vibration and Consciousness is a direct application of *our* own Radiance. Truly you are *God in Action* as the Gathering of Ascended Humanity!

It has been Our wish from the Beginning to share with all Creation all the Perfection Patterns of Goodness that We have co-created ...and to hold back nothing of our Radiance from the smallest atom on the smallest System of Worlds. Therefore, the Permanent Atom within each of your Heart is a *wholly functional replica* of the Crystal Atom of My Own Being. We are all an Eternal Flame and its Infinite Radiant Light! Think! Feel! Meditate! ...on the meaning of my words. For therein lies the key to your Eternal Freedom. The application of your *Ascended Master functioning* now restores the Earth and its evolutions to its Divine Potential ...a Quantum State of Eternal Exaltation in the Eyes of Father / Mother God.

I invoke the blessings of OMEGA to be upon you. And may we *together, standing in the Light*, bestow upon you a Focus of Our Radiance, sustained by the Great Divine Director and all the Hosts of Heaven ...as you continue to train in their Temples of Light. May Our Cosmic Cross of White Fire watch over you and may all the Hosts of Heaven be ever present with you. Remember always that you are a reflection of Universal I AM ...and, that Universal I AM is a reflection of your Cosmic Truth. We remain forever in Oneness Consciousness!

Receive, Oh Children of Light, the Kiss of our Flame of Peace, and know that I AM here at the door of your Heart ...Flame to Flame ...offering the Eternal Gift of Divine Life. And I declare with every heartbeat, that all who desire to live Our Eternal Laws, shall not fail in the full expression of their Divine Potential!
