### **ASCENSION CONCEPTS**

Beloved Ones, for the Mystic Month of May, we begin with: ***I let go ...and I let God!*** Let us let go and accept that '***I AM THE MAJOR TRANSFORMATIONAL EVENT IN CONSCIOUSNESS I DESIRE FOR THE WORLD***'. Empty of self, time and space: '*I let flow the Energy, Vibration and Consciousness of the Divine. I AM the 'Unveiled Mysteries'! I AM anchoring global Transformational Events in Consciousness. I AM the Magic Presence! I AM the full Love, Wisdom and Power of Sacred Fire unleashed in daily life ...its full Divine Alchemy unveiled ...revealed ...made manifest*'!

Since the 'great fall' in Consciousness, Humanity has had an endless quest for the Celestial Mysteries ...to return Home into the Divine. Most of this search has been seeking 'the content' of what these Mysteries contain. But in the great science of Consciousness, the Mysteries are in 'the process of transformation' and not 'the content'. Think on this. In envisioning the future, we tend to focus 'on a picture' ...trying to fit in the 'who, what, when, where and why' of content. But on deeper reflection, ***the process of transformation*** leading toward a beautiful change is ***all important*** ...but not on the details of the content itself.

For 'content' depends on the Consciousness of Humanity and how she moves matter from 'particle-function' into 'wave-function' ... and back, all according to free will and the Power of her Attention. And ***this is a process ...in the application of Consciousness ...within***

co-creation! And for the present moment of teaching, the **most profound impact on this process** comes from the **Invocation of Sacred Fire** ...that is, **applying the Cause of Divine Consciousness upon the co-creation of human affairs!**

The Buddha has said 'Everything has a beginning, middle and end'. The end of this 'ego age' and the beginning of the New Age of Spiritual Freedom *is a process* ...principally occurring through the **Invocation of Sacred Fire**. We understand superficially that it is the persons, places, conditions and things of 'the ego age' that need the change! But on deeper exam, it is the **level of consciousness** that drives those persons, places, conditions and things, that requires the change! And it is Sacred Fire that, through **the Grace of Divine Intervention**, transforms layers of consciousness ...all at the **level of its causal origins**. Contemplate this in meditation!

'Divine Intervention' simply means the Invocation of Energy, Vibration and Consciousness from a Higher Frequency into a lower frequency. This is akin to introducing electricity to a village that has never had it ...everything would seem 'new and other worldly'. Yet this same state would seem like normal daily life to those who have grown up with electricity. Likewise, with the introduction of Sacred Fire into layers of consciousness, everything about daily life would change. Sacred Fire transforms the orbit, spin, and electromagnetic forcefields within the particles maintaining those layers of ego-consciousness ...into something finer and of a more etheric nature ...what science might call 'quantum matter'.

And this 'Light Substance' more immediately responds to thoughts, feelings, words and deeds governing its expression. Or if you will, it immediately responds to the application of the Accelerated Consciousness within Sacred Fire in its expression. To the untrained eye this appears to be 'magic' or at the very least 'other worldly'. It actually belongs to 'the New World' we are currently building as the Gathering of Ascended Humanity ...as Builders of Divine Consciousness; Builders of Divine Self; and Builders of a New Age of Spiritual Freedom ...all of which is an Eternal Life in the Light!

With the advancements in daily life consciousness, there is less and less 'mystery' of the process of letting go ...to let go and Let God!

The science and practice of *mindfulness, yoga and other forms of daily meditation* have brought this to the forefront of awareness. Now we simply need to capture this 'Focus upon the Great Silence' growing within Humanity *and harness it to Sacred Fire*. It may be called Higher Intuition, Higher Self or any number of references. But as the mind and heart are increasingly empty of ego-self, as well as increasingly empty of time and space ...then Sacred Fire will descend into daily life ...and there will be **Transformative Events in the Consciousness of daily life!** And this is our entire purpose of Light Service!

As Light Servers, we were all offered this embodiment with the intention of becoming 'God in Action on Earth'. Our Inner Training in the Temples (pre-birth) trained us in *the application of Higher Frequency Divine Cause onto the lower frequency ego condition!* Now we bring that same training into daily life. This is the 'letting go of the world' through the practice of being "*in the world but not of it!*" Rather, we build a Momentum of becoming empty of self, time and space while in meditation ...and then, carrying that State of the Great Silence into our daily lives, allowing the Electronic Perfection Patterns of the Mighty I AM Presence (and beyond it from the Sun, Central Sun and Great Central Sun) to flow into the world *unencumbered* ...and not re-qualified by ego!

And thus, our thoughts, feelings, words and deeds become God in Action ...the Solar Christ Self quietly, anonymously walking the Earth ...thinking, feeling and invoking Transformational Events in Consciousness on both personal and global levels. This is **developing an Ascended Master Presence!** Others around us will sense this, not because of our personality ...but **through the Sphere of Influence of our Eternal Flame and its Infinite Radiant Light!** This Inner Cause then affects our family, community, city, nation, and eventually all Humanity everywhere! Think of the Love, Wisdom and Power even one 'Ascended and Free Light Server' could exert locally and globally! **This is Divine Intervention** ...the application of Divine Consciousness into the world! And collectively, this is ours to invoke through the Cosmic Maltese Cross ...an **Open Invocation to Highest Source!**

It has been said: if you desire the Divine Qualities of Sacred Fire in the world ...you must first give it an 'open door' ...one free of self,

time and space! And so, existing only as our Eternal Flame and its Infinite Radiant Light, we affirm:

I AM the Power of the Divine Feminine Ray!  
I AM the Cohesive Power of Divine Love!  
I AM the Cosmic Power of the Violet Fire!

I AM all of this flowing undiluted and ‘all powerful’  
through my embodied Eternal Flame, consciously  
directed with undivided loyalty to the Flame!  
And, SO IT IS, BELOVED I AM!

As we truly desire to “Unveil the Mysteries”, let us then practice the free flow of the Mighty I AM Presence into daily life. For it is in this process where the *Divine Mysteries of Higher Frequency living* become unveiled. Our singular purpose becomes the unfettered streaming of Universal I AM, *unique to our Life Stream*. This is what every Cosmic Beings is ...a unique ‘Life Stream’ ...the ultimate ‘streaming device’ ...a Divine Instrument which is capable of streaming the full Divinity of God into any person, place, condition or thing in the Universe! Let us visualize:

### VISUALIZATION

Centered in my Eternal Flame and its Infinite Radiant Light ...*I AM streaming Divine Life!* This is my Divine Instrument! This is my purpose within the world ...to expand the Borders of the Kingdom of Perfection into the world of form. I AM the natural Perfection of 'wave-function' Sacred Fire streamed into the ‘world of form’ in ‘particle-function’! I AM the Serene Buddha seated upon my Lotus Throne. And even as daily life passes around me, I AM at Peace in the streaming of Holy Spirit into daily life ...free of condemnation, criticism and judgment which might alter the Original Perfection Patterns intended for that situation. For I AM at Peace in my Service to Life ...*at Peace because of my Light Service* ...and this is all I desire. And SO IT IS!

Together standing in this flowing River of Light, I now expand this into the Solar Year Thoughtform. I invoke, focus, concentrate, apply and direct all Light Love, Wisdom and Power of the Temples of

the Spiritual Hierarchy and of the Great Light Brotherhood ...into and through the Maltese Cross. I AM the Gathering of Ascended Humanity at its center, ‘One with the Light’ and as well, ‘One with Humanity’! I AM ‘this Bridge’ to Spiritual Freedom ...all the Goodness of Humanity *and*, all incoming Sacred Fire! From the great Cosmic Realms of Light, I invoke, focus, concentrate, apply and direct the Cosmic Rays and Forcefields of Sacred Fire from Ascended Planets, Stars and Galaxies across Universal I AM, that have pledged to assist the Ascension of our sweet Earth. I AM the Invocation of all of this Cosmic POWER ...NOW! And SO IT IS!

Plus, I AM the Gathering of Ascended Humanity ...the Divine Instrument of Transformation. I AM all the goodness within Humanity now causing Transformational Events in Consciousness. Thus, I AM a *clear choice for all Humanity ...between ego and the Divine!* I AM the Transformation in Consciousness I desire for the world! The science here is the 'wave-function' Perfection Patterns from Spheres of Light now streaming into daily life, and manifesting its complimentary ‘particle-function’ ...material changes revealed in daily life! This is the Mysteries Unveiled ...all Initiated within the Mystic Month of May! This is the Resurrection and the Life! This is the Coming of Holy Spirit! I AM ‘all Divine Promise fulfilled’ (in scripture, teachings, etc.) ...that Divine Intervention would be invoked to Heal and Ascend the Earth and her Humanity! *I AM that Divine Intervention* ...now in action on Earth!

In this visualization, we *sustain our Invincible Light Service* through *maintaining our Divine Instrument* within daily life ... and affirm:

I AM invisible to anything but the Light and therefore,  
this allows that I see that same Light clearly in  
all persons, places, conditions and things.

My ultimate protection is that I AM seen only by the Light  
and that I see only the Light in all other things.

And SO IT IS BELOVED I AM!

Remember dear ones, that when this embodiment is complete the Mighty I AM Presence withdraws its Ray of Light projected into

the world of form ...and we return Home into that pure 'wave-function' Electronic Presence. Here we instantly know the Oneness Consciousness of Universal I AM. As well, we instantly know our fully individualized God Presence, the Mighty I AM Presence! This is the perfect yin / yang balance ...of perfect Oneness Consciousness with all life (in Nirvana) ...as well as the perfect freedom of an 'individuated Mighty God Presence' going about his/her unique service to Father / Mother God. How wonderful to balance Nirvana and the individualized Mighty I AM Presence in action ...*all here and now in this very moment!* This is the joy of living Ascended and Free ...on Earth, here and now *in this present embodiment!*

And we can 'go Home' (into the Mighty I AM Presence) anytime we choose, finding this perfect Harmony and Balance in our daily meditation of True Identity. Here we see, feel and deeply accept being the Mighty I AM Presence, operating through us in the world of form. Here the Silver Chord of pure Electronic Light (containing all necessary Perfection Patterns of Universal I AM) streams in from the Realms of Light. We are its open door into daily life ("knock and the door shall be open unto you"). Truly the Mighty I AM Presence is a Sun of the Sun ...but we are equally an extension of this Truth ...*an embodied Sun of the Sun*, when immersed in our Eternal Flame and its Infinite Radiant Light. This is God's Will and our Divine Plan ...the manifestation of the Divine on Earth!

The Ascension into our Divinity is prepared through the Activity of the River of Kundalini Fire of the Seven Chakras becoming the same Higher Frequency Pure Light as what descends from the Mighty I AM Presence along the Silver Chord. This means that our *self-generated Perfection Patterns* from within the world of form are equal in Intent and Purpose to the Perfection Patterns pouring in from the Great God Presence. This is how we earn the Ascension, through the correct use of our Creative Faculties in daily life and allowing Pure Light to manifest through our Creative Faculties. When these two Rivers of Light *are both consciously flowing in the individual*, they are prepared for the Ascension. This Revelation is also part of the Mystic Month of May.

In this Sacred Month, all is in Divine Order. Our Chakras unlock the Divine Potential of Universal I AM ...through us into the world

of form ...into daily life. Here our own efforts of embodied Light Service unify with those Cosmic Beings with their Sacred Fire Forcefields also serving our sweet Earth. This is the Divine Order of the Ascension ...personally and for our sweet Earth! Here is created the perfect Harmony and Balance of Inbreath / Outbreath; of Yin / Yang; of giving and receiving!

There is a phrase within the daily lexicon of Humanity that bears repeating, regarding Earth's present transformation: "***Move firmly into a state of stubborn optimism***" ...and this is a Keynote we shall embody in our Light Service!

And SO IT IS, BELOVED I AM!

### ***ENERGY, VIBRATION AND CONSCIOUSNESS OF BELOVED PRINCIPA, GOD OF DIVINE ORDER...***

Beloved Ones, at the center of the Solar Year Maltese Cross, there is a ***unified Forcefield of Divine Order***. Here, all the Forcefields of Sacred Fire from 'on High' meet and unify with each other. What a magnificent display of Cosmic Unity! But as well, these Cosmic Forces also *unify with the efforts of embodied Souls* ...of every Culture, Creed, Nation, Race and Religion ...and, in very specific ways. And ***from this Ordered Matrix proceeds a Divine Alchemy*** ...revealing the Mysteries of Celestial Love in daily life. For, as the 'good efforts' of Humanity continually expand ('all the goodness of the world uniting') this allows these Cosmic Forcefields *to find greater anchorage in daily life!* And with this Unified Divine Order, the 'essence of Humanity' transforms in ways that surpass understanding of the outer mind! And thus, we achieve Transformational Events in Consciousness ...fulfilling our collective purpose of Light Service!

The Transformation we desire proceeds from this Divine Order ... of *Humanity unified with Ascended Masters and Cosmic Beings ...as well as the Royal Kingdoms of Angels and Elementals*. All

efforts of Light Service invoke their specific Energy, Vibration and Consciousness to uniquely assist this Cause of Spiritual Freedom through Divine Order. And all levels of the Pagoda of Seven White Ascension Doves (all levels of life existing on Earth) are the beneficiaries. Invocation is one-half of the Sacred Inbreath / Outbreath Activity. Divine Order calls for the balance of the centripetal **Inbreath** (Invocation) and centrifugal forces **Outbreath** (Anchorage and Revelation) Activities.

So, in this Mystic Month of May, we now begin our focus on the Outbreath Activity of the Cosmic Maltese Cross ...as well as on the Invocation / Inbreath Activity. Cosmic Forces pour into the Heart Center of the Maltese Cross on the Inbreath. This Inbreath began with the gestation period of this Solar Year (approximately the last three months of 2019) and proceeded through the first four months of 2020. Now in this Mystic Month there has built up enough Cosmic Momentum that **we may now release it into the world**. On the Outbreath, this Momentum of Sacred Fire reverberates through all life ...out from the center of the Maltese Cross towards the Mystic Ring of Violet Fire enfolding it ...and then back into the center on the next Inbreath! But with each Breath, this activity is *magnified and amplified without limit!*

Beloved Ascended Master Saint Germain has stated that the answer to every problem is ‘the raising of consciousness within Humanity’. The Transmission of Sacred Fire Consciousness into Humanity is the quickest way to raise consciousness. This is the **Transmission of the Flame Activity**. And in our Light Service, we do this for Humanity ...until she may do so for herself ...like older family members take care of younger ones until they reach a level of maturity and independence ...in this case the ‘independence of Higher Consciousness’ within Spiritual Freedom!

All of this Light Service for Humanity is captured in the Solar Year Thoughtform. With every Inbreath / Outbreath of the Maltese Cross, the Consciousness of Humanity rises, thus generating an ever-greater momentum of ‘all the goodness of the world’. And each breath with which Humanity gives more towards this effort allows a greater Cosmic Release, for this is the Law of Life regarding Divine Intervention ...that the ‘receiving consciousness’ must contribute to

the effort and further, that the outcome is decided by the gathered momentum of this contribution (by Humanity). This is the Law of Life! This is Divine Order!

## VISUALIZATION

Beloved Ones join me on a meditation on Divine Order. Let me take you back to your Cosmic Origins. Let us immerse ourselves in our Eternal Flame and its Infinite Radiant Light. Affirm: I AM a Twelve-fold Being of Solar Consciousness. Currently, I AM the Maltese Cross of Invocation. My origins go deeper into the Mystic Ring of Violet Fire ...and its Energy, Vibration and Consciousness originating in the **Central Sun**. Here, I may abide with the White Fire Being ...as well as the Mighty I AM Presence ...and now manifesting as the Solar Christ Self walking the Earth and serving Humanity! All of this is *my personal expression of Divine Order!*

In the beginning, Divine Order entered the world of form when Father / Mother God declared: “Let there be Light!” This Light emanated from the Eternal Flame of Divine Consciousness. And from this Light came forth Divinely Intelligent Matter (intelligent, ‘particle-function’ form) ...the Elemental Kingdom expressing in its quantum state! This included Quantum State Fire (the Eternal Flame expressed); Quantum State Air (Prana, the Sacred Essence of Holy Breath); Quantum State Water (the Giver of Life and the Healing Waters); and finally, Quantum State Earth (a dazzling Crystalline Substance our sweet Earth first expressed as, where one could see straight through to the center of the Earth and actually see the Eternal Flame blazing there (Eternal Sun of Even Pressure). Flame Flowers grew from this Quantum State Earth and birds were like Angels, expressing as dancing Flames of every Sacred Quality. Taken together, this Immaculate Concept is called the **Eternal Spring!** And the Mystic Month of May is its spiritual culmination!

And this Reality of ‘the Eternal Spring’ lives on within the Eternal Sun of Even Pressure ...at the Center of the Maltese Cross. And here radiates a **Reverence for all Life**, between Ascended and Free Humanity and the Angelic / Elemental Kingdoms. Such Divine Order is fundamental to this New Age of Spiritual Freedom and now radiates from the Solar Year Thoughtform ...of which the *Gathering*

*of Ascended Humanity is the embodied Divine Director!* Think of it. Here we already live in the complete Harmony and Balance of all levels of the Pagoda of Seven White Ascension Doves. This is Divine Order ...manifesting now in our Consciousness!

I AM here with you to assist in every step of the precipitation / co-creation of the New Age of Spiritual Freedom ...through the Divine Order of the Invocation of Sacred Fire!

And SO IT IS, BELOVED I AM!

### **ENERGY, VIBRATION AND CONSCIOUSNESS OF BELOVED ASCENDED MASTER JESUS...**

On the Unveiled Mysteries and the Magic Presence!

Beloved Cells of the embodied Cosmic Christ: "Whenever two or more are gathered in my Name, there I AM!" So ...**here I AM** ...within your 'gathering' of Ascended Humanity! This was my promise: We are **together forever, standing in the Light!**

Dear Ones, you have heard various Ascended Masters, including myself, state: 'the New Age comes from within'. So, if we seek the New Age from outside our Eternal Flame and its Infinite Radiant Light, we may likely be disappointed. The outer screen of life is like a mirror. If in the mirror, one sees their own aging ...or sees a disease process or a difficult personal experience, it would be easy to assume 'there is no New Age but only the same ego-age'. But when we seek the New Age within ...then our Eternal Flame and its Infinite Radiant Light 'reflects back' only the Perfection Patterns of Divinity ...including the Light within others! "Turn the other cheek" means just this, to choose where we place our attention. And with this process, then the New Age is 'at hand' any time we put our attention upon our Inner Truth and not the outer illusion. "Knock (with the Power of your Attention) and the door shall be open unto you" ...is still as true as when I affirmed it so many years ago!

You are all Disciples of Holy Spirit. We have been reminded by the Archai of Divine Grace, that this Quality of **Divine Intervention through Grace** (Holy Spirit) has transferred from the Sixth Ray to the Seventh Ray (Holy Amethyst). And it is through Divine Grace that Humanity, centered in the Maltese Cross, now moves into Higher Twelve-fold Consciousness of the Cosmic Christ ...moving through Grace ...moving through the Grace of the Violet Fire ...moving on and on through the Cohesive Power of Divine Love, moving on and on until 'all life is united in her Ascended State'! This is the Power within the Unveiling Mysteries, especially under the Influence of the Divine Feminine Ray. The gradual building of this Cosmic Momentum towards its completion is the Holy Grail sought by all Mystery Schools! So, let us meditate on this in the Mystic Month of May!

When the Gathering of Ascended Humanity does 'gather together', we do so in the Temples of Ascended and Free Humanity. But further, in this Solar Year Thoughtform we gather in the Eternal Flame and Infinite Radiant Light **of all Humanity!** We greet each one in their own Temple of Light, without anyone 'going anywhere' ...except within! And when anyone of Humanity goes 'within' (and the majority do!), *we are all 'gathered together, standing in the Light ...with the majority of Humanity! Here is our Victory!* So, when it is said "Whenever two or more are gathered in my Name", now we understand how far this Truth has come ...with all Humanity now gathered in the name of the Cosmic Christ, amplifying 'all the goodness of the world'!

The Christian Dispensation evolved the Bible and its fundamental Faith in the Word of God. But it also expanded the study of science. They often seem at cross purposes. Soon enough discoveries will reveal Races of evolving Beings from our Solar System who have all graduated into 'wave-function' Twelve-fold Solar Being ... Ascended and Free, together, standing in the Light! **Humanity is the final step of our Solar System** in graduating from Seven-fold elemental bodies into the Twelve-fold Light Body. But now is that Cosmic Moment for Humanity ...to join their Divine Family ...**as the I AM Race**. This is the Multi-dimensional True Identity of all Cosmic Beings, in their evolution under Alpha and Omega! And now, our sweet Earth and her Humanity also return into the Light!

Let us meditate on ‘Unveiling the Mysteries’ and becoming ‘the Magic Presence’. When I too was in my final embodiment, I went through similar training with the Great Divine Director as you do now<sup>1</sup>. I learned to become *the Divine Instrument of Transformation* which the Cosmic Christ has always represented. And serving together now *let us affirm and confirm this Teaching ... Together, standing in the Light!* I simply asked that you carry on in my Name and “feed my sheep”. And here you are understanding the Divine Sustenance of God (Sacred Fire) and how to ‘feed my sheep’. And *I AM with you as you keep my commandants ...* to ‘feed my sheep’ with Sacred Fire ... ‘feed my sheep’ with Divine Consciousness ... ‘feed my sheep’ with the Truth given you by the Ascended Masters! FEED MY SHEEP!

In keeping the Commandments, we affirm:

I AM becoming my Divine Instrument ...  
My Eternal Flame and its Infinite Radiant Light!

I AM the Power of Invocation ...of the ‘Father within doing the work’ ...and revealing ‘the miracles’ ...of Transformational Events in Consciousness ...for myself; for others I meet on the Path; and for Earth and Humanity globally.

I AM the Divine Instrument of Transformational Events  
in Consciousness ...for Earth and Humanity.

The Cosmic Christ is the Cosmic *Invocation for ...*  
and the Cosmic *Instrument of ...*major  
Transformational Events in Consciousness ...and,

I AM the Gathering of Ascended Humanity  
channeling all the goodness of the world  
into this very moment!

I AM the Cosmic Christ in action here and now!  
I AM the Cosmic Christ in action here and now!  
I AM the Cosmic Christ in action here and now!

---

<sup>1</sup> For an accurate portrayal of the training of Beloved Ascended Master Jesus in his final embodiment, including the ‘missing years’ from the standard Bible, please refer to the “Aquarian Gospel of Jesus the Christ” by Levi, previously published by DeVorss & Co.

I AM the Cosmic Instrument of Invocation.  
I AM embodying the Transformational Events  
in Consciousness that I AM invoking!

I AM the Transformational Events in Consciousness *locally*  
through my own Sun of the Sun!

I AM the Transformational Events in Consciousness *globally*  
through the Gathering of Ascended Humanity!

My Eternal Flame and its Infinite Radiant Light, fills all  
physical, etheric, mental and emotional ‘separation’  
within Humanity, into a Spiritual Unity  
of Oneness Consciousness!

I AM an Angel of Unity!  
I AM the Divine Feminine Ray.  
I AM the Cosmic Spirit of Truth!<sup>2</sup>

*This is the Transformational Event in Consciousness I desire!*

I AM here to assist Humanity in letting go things as they *have been*  
...and helping them accept *something New, something Higher,*  
*something Finer in themselves and in the world!*

AND THIS IS WHAT I AM, HERE AND NOW, AS THE  
COSMIC CHRIST EXPRESSING ON EARTH!

AND SO IT IS, BELOVED I AM!

---

<sup>2</sup> Beloved Jesus said to his Disciples before leaving them: “I have many things to say unto you, but you cannot hear them now. However, when she, the Spirit of Truth, is come ...she will guide you into all Truth”. (John 16: 12, 13.)
