into our Divine Potential of Spiritual Freedom.

And SO IT IS, BELOVED I AM!
ASCENSION CONCEPTS

Beloved Ones, the Next Life Wave Coming is a Quantum Wave of Energy, Vibration and Consciousness. Just as waves upon the ocean slowly build up, reach their greatest height, and disappear back into the Ocean ...so it is with the Next Life Wave Coming. Think of it in quantum terms as 'that which manifests' (particle-function) then etherealizes 'back into the Light' (its corresponding wave-function). We are in the stage of **this Quantum Wave gathering Momentum** ...magnetized to Earth through our Building of Divine Self and Building of Divine Consciousness. And the Wave eventually manifests fully at its greatest height ...as an **Eternal Life in the Light!** This is the apex of the New Age of Spiritual Freedom, the crowning achievement of the Seventh Ray Dispensation.

We are (I AM!) Co-creators with Father / Mother God. We serve with the Elohim and Archangels, as well as all the Spiritual Hierarchy and Ascended Masters in the Great Light Brotherhood, and the entire Gathering of Ascending Humanity ...in this '*building Momentum*' stage of the Next Life Wave Coming. It was for this purpose that Beloved Regent Sanat Kumara, Lord of the World Gautama and the entire Spiritual Hierarchy have sustained their full Causal Body Momentum on Earth ...working towards this Cosmic Moment.

It is the same with our Light Service. Our Causal Body is **energy in motion** ...our Cosmic Momentum of all the Perfection Patterns we have ever manifested in any Dimension of Light ...longing now to be released into the world through our Creative Faculties ...to assist in the building Momentum of this Next Life Wave Coming! We honor our Gurus and Teachers by releasing our Causal Body of Divine Momentum to bring full Victory to this endeavor.

Think of it! The Causal Body contains every aspect of our Divine Instrument, along every Cosmic Service we have ever done ...whether at the level of the Solar Christ Self (Planetary Service), the Mighty I AM Presence (Solar System Service) and even the White Fire Being (Central Sun Light Service). And imagine the Power that comes with the White Fire Being of all Humanity now focusing their attention on Earth, through their Central Sun Frequencies now anchored in the Mystic Ring of Violet Fire. This also means that in this Cosmic Forcefield, all Twin Ray Synchronicity is also on full display. Feel the Divine Power in that!

As this Mystic Ring of Violet Fire expands with our every global Inbreath / Outbreath, then the White Fire Beings may further open Humanity to their inherent Solar Consciousness ...as a gift from the Great Central Sun! Just as Beloved Goddess of Liberty stands in the Eye of Divine Liberty, so too do our White Fire Beings ...that Oneness Consciousness of the Twin Rays of our True Identity in Divine Synchronicity ...that aspect of our Divine Instrument functioning within the Central Sun. Affirm:

I AM entering my Spiritual Freedom
through the Eye of Divine Liberty!

It is said that 'the Lord prepares the back for the burden'. We realize spiritually that 'our back' is composed of our Seven Chakra Suns along our Solar Spine. And now with our building Spiritual Freedom, our Solar Spines can carry the burden of the world ...carried along that Ascending River of Kundalini Fire, now spiraling into Solar Consciousness. It was our Beloved Ascended Master Jesus and his Disciples that carried 'the burden of the world' in the Sixth Ray Christian Dispensation. And now with the Seventh Ray Dispensation, it is the Friends of Freedom within the Gathering of Ascending Humanity that carry it with Beloved Saint Germain.

Let us visualize ourselves in our True Identity and Divine Instrument, with the Gathering of Ascended Humanity, ***standing before the Eye of Divine Liberty*** ...the Portal to Solar Consciousness that we have opened and revealed ...affirming:

I AM open and receptive to the Next Life Wave Coming.
I AM open and receptive to the Next Life Wave Coming!
I AM open and receptive to the Next Life Wave Coming!!

And with this we affirm the Power and Constancy our Ascending Kundalini River of Seven Chakra Suns.

Our Mantra for the bottom three Chakras is:

I AM Ascending, through the Violet Fire, into Peace Divine.

And our Mantra for the top four Chakras is:

I AM the ***Cohesive Love***, of ***Divine Power***, revealing the ***Truth of Crystal Vision***, and Ascending into ***God Illumination***.

Let us live our Spiritual Freedom ...that Divine State of embodiment where the mental body is filled with Ascension

Concepts and Perfection Patterns ...of 'all life raised up with me'!
Let us see, feel and deeply accept the emotional body is One with Holy Spirit Divine Love and the Seventh Ray Sacred Fires of Mercy, Compassion and Forgiveness. Let us remember the etheric body as our Aura, filled with the Cosmic Momentum of the Causal Body ...from every Realm and Sphere of Light we have ever evolved in ...now living our *Consecutive Consciousness* (with the 'bands of forgetfulness' removed and tapping into every level of Consciousness we have ever attained previous to or during embodiment)! And let us daily experience the physical body as a reflection of the Youth and Beauty, Health and Wellness, and Strength and Stamina of the Light Body of the Solar Christ Self!

This is our Spiritual Freedom! This is the Seventh Ray Dispensation of Spiritual Freedom for all Humanity and Elemental life. On behalf of all Humanity: ***I AM the Violet Fire and its Golden Radiance. I stand in my Robes of Spiritual Freedom and God Illumination!***

And SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF
BELOVED ELOHIM OF THE SEVENTH RAY
... Arcturus and Lady Diana

Beloved Friends of Spiritual Freedom ...Children of the Seventh Ray Age. Let us sojourn together as Cosmic Builders, which is the Light Service of the Elohim in the Divine Plan of Father / Mother God. Let us serve together, standing in the Light, as Builders of Divine Self, Builders of Divine Consciousness and Builders of an Eternal Life in the Light. We turn our attention first to the Solar Year Theme and Thoughtform ...for as any good builders, we operate off a blueprint ...a Master Plan anchored in Divine Order.

In review, the Mystic Ring of Violet Fire now anchors the Majestic Presence of the White Fire Beings of Humanity. These are Regal Cosmic Beings ...that Highest Divine Potential of every God Intelligence, who represent the Energies of the Central Sun in assisting Humanity as this Cosmic Moment. The White Fire Being is that Divine State where the Twin Rays function together as One, serving the Light from the Realms of the Central Sun.

So, when we invoke the Mystic Ring of Violet Fire (and twin it with the Maltese Cross Forcefield in our Inbreath / Outbreath Activity) ...there is a sustained Cosmic Presence of Violet Fire that now

transmutes all the past imbalances, done to and through Humanity. All these akashic records are now presenting themselves to Humanity to be redeemed. Such is obvious upon the screen of life. Light Servers sustain the Faith for Humanity that there is a resolution coming for the imbalance people see in daily life. The transmutation of karma is vital, so the injustice of karmic effects can no longer be sustained. And then the *Divine Effects of First Cause* may be laid down for all to see, as was originally intended in the Divine Plan.

However, in Elohimic service, the White Fire Being is also here to assist in the re-discovery (remembrance) of *Quantum Matter* on the physical, etheric, mental and emotional level. This is the platform the Elohim work within. It is the realm of *Spirit entering matter*. In Biblical times it would be seen as 'miracles'. For it is transformative! No matter the current distress or disintegration in daily life, Quantum States still may express. Invoking and Directing Sacred Fire is the open door for this Transformation. And in doing so, *Quantum Matter expresses physically* as Health and Wellness, Youth and Beauty and Strength and Stamina. *Quantum Matter expresses etherically* as the Cosmic Momentums of our Causal Body remembered and experienced in daily life. *Quantum Matter expresses mentally* as the Higher Frequency God Intelligence of Divine Wisdom. And *Quantum Matter expresses emotionally* as the Divine Feeling States of Holy Spirit ...Celestial Awe and Wonder, Compassion and Glory.

The White Fire Beings of all Humanity have projected their Higher Frequency Consciousness from the Central Sun and now stand in the Mystic Ring of Violet Fire around Earth. They serve to reveal the Eye of Divine Liberty into the outer consciousness. They are equally stationed at the Twelve Houses of the Sun, around this Circle of the Sacred Twelve. They radiate the Cosmic Violet Fire into persons, places, conditions and things that yet restrict Humanity's Crystal Vision ...from seeing and knowing the Glory of the New Age of Spiritual Freedom now coming ...the Next Life Wave Coming!

With this assistance of our Highest Self (White Fire Being), let us visualize our Eternal Flame and its Infinite Radiant Light within daily life. This Fire of Immortality exists through all time and space ...as well as every Dimension, Realm, and Sphere of Light beyond time and space. We accept this Flame as our True Identity. And then out from the Flame steps our Quantum Light Body of Eternal Youth and Beauty ...and then out steps the Quantum Etheric Memory Body, carrying the Cosmic Momentum of the Celestial Causal Body ...and then out steps the Quantum Mental Body, functioning as the Mind of God with Higher Frequency Intelligence ...and then out

steps the Quantum Emotional Body, filled with Feeling States of Holy Spirit. This is the Eternal Flame, manifesting its Perfection Patterns, *in the world!*

This then embodies the Cosmic Christ ...walking the Earth again as promised, where the physical laws no longer apply to this Dimension of Being ...this parallel universe ...that is now 'oh so close' to daily life. These are the physical, etheric, mental and emotional Quantum States of Being within the Eternal Flame and its Infinite Radiant Light! This Limitless Physical Perfection is the Divine Plan for Earth and her Humanity ...revealing the I AM Race living on Earth! This is the Co-creation of Divine Self and the service of the Elohim!

Affirm: I AM together, standing in the Light ...embodied within my Quantum Vehicles ...empty of self, time and space ...expressing only the full Quantum Matter of an Eternal Flame and its Infinite Radiant Light. This is my Limitless Physical Perfection. I stand together as my embodied seven-fold Holy Christ Self; my embodied Twelve-fold Solar Christ Self; my Celestial Mighty I AM Presence; my Causal Body; and my White Fire Being! And with 'all Suns of my Being' in Divine Alignment, I now live in '*the House of my Father in Heaven*', as promised by Beloved Jesus the Christ!

And in the House of Father / Mother God, I stand *upright in the Light* with the entire Gathering of Ascending Humanity ...the right and perfect people, doing the right and perfect thing, at the right and perfect time, in the right and perfect place, in the right and perfect way! And *I stand upright in the Light* with the Royal Kingdoms of Angels and Elementals! And *I stand upright in the Light* with the Great Light Brotherhood, the Spiritual Hierarchy and all Suns into Eternity and Infinity! This is standing with *all the goodness in the world* ...God in Action, here and now!

All goodness is but life Ascending ...no matter how small the event nor the current evolution of the people involved. They are all within the Pagoda of Seven White Ascension Doves ...Ascending towards their next Divine Potential! Like any good team (in sport, business or Light Service), we who know that Victory is through our interdependence ...with a clear faith 'the other team members' will do their right and perfect service, as we do the same. Then Victory is Ours! This is the Gathering of Ascending Humanity. We trust the other as the ***Revelation of our Love for one another*** ...a Commandment of the Cosmic Christ. We share a vast interconnectedness ...duplicating Universal I AM ...where total connectedness is the Victory ...the Oneness Consciousness that then produces the Divine Potential.

The human brain operates on connectedness ('the connectome' and 'connectome harmonics'). When all the fundamental neural circuits are connected in harmony, then ***consciousness raises and functioning transforms***. And on a larger scale, so it is with Humanity ...that when the principal goal is connectedness of the nations as well as the peoples within those nations ...of Races, Religions and Cultures also functioning in a 'connectome' and emulating Oneness Consciousness ...then ***global consciousness and functioning raises***. This is where we stand now with this Solar Year ...at the opening of the Eye of Divine Liberty ...at this point of vast interconnectedness and Oneness Consciousness. This lifts Humanity out of her divisive separation and into her Spiritual Freedom ...as the One I AM Race.

Connectome harmonics includes the rebalance of the Masculine Ray with the Feminine Ray. Connectome harmonics is the Cosmic Violet Fire undoing entropy and downward drift of Consciousness (into dis-order) ...and re-establishing the Divine Order of Spiritual Freedom. Connectome harmonics comes with the Great Cosmic Inbreath ...as we establish our Oneness with Universal I AM. This is the present Cosmic Moment we embrace ...together, standing in the Light ...at the opening of the Eye of Divine Liberty!

This is the Solar Year Plan functioning perfectly! This is the Cosmic Blueprint from which the Elohim and White Fire Beings now serve. And, SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF
BELOVED SAINT GERMAIN ...
On the Nature of Spiritual Freedom.

Beloved Seventh Ray co-servers, let us stand together, and greet each other, in the Great Solar Quiet. Here we have inbreathed, absorbed, expanded and projected the Theme and Thoughtform of the Maltese Cross and the Mystic Ring of Violet Fire throughout this Solar Year. And with this success, we now stand before the Eye of Divine Liberty. It beckons us into its Solar Consciousness! Visualize all Humanity hovering at the entrance of the Eye of Divine Liberty, anticipating her leap into Solar Consciousness ...through impending Transformational Events in Consciousness.

Beloved Ones let us contemplate the origins of the Violet Fire. Before the dawn of the Seventh Ray Age, I travelled (in projected

Consciousness) to the Central Sun for this *Dispensation of the Violet Fire*. There I came to know its Sacred Origins. It begins with the *Three-fold Flame* in action. *Violet* is the color and tone of *Blue* Ray of Power, mixed in perfect Harmony and Balance with the *Pink* Ray of Love. As well, the complementary color and tone of the Violet Ray is the *Gold* Ray of God Illumination. The Violet and Gold Rays are a yin /yang balance, each one at the center of the other, like any of the other complimentary Rays. But now you have the Three-fold Flame of *Love, Wisdom* and *Power* acting within *One Ray* ...the *Violet Fire*! As well, the Violet Fire comes forth as the culmination of the Love Ray (Rays Four through Seven) thus *completing the full Breath of Holy Spirit* ...as the most Powerful Activity of Divine Love ...'the ending' that births 'a New Beginning'.

This Sacred Alchemy within the Violet Fire, when put into action through our Creative Faculties (thoughts, feelings, words and deeds), is the most potent Activity of God in Action at this Cosmic Moment. The Three-fold Flame is our Flame of Immortality ...now in action for a particular Cosmic Moment, in a particular Cosmic Alchemy! Its Infinite Radiant Light desires to bring the Seventh Ray Transmutation of all karmic imbalance on Earth, supplanting it with the Mercy, Compassion and Forgiveness necessary for the Victory of the Light. The Seventh Ray's Transformation, Rhythm and Ceremony desires to create a New Age of Spiritual Freedom of Harmony and Balance within Humanity. This is everything Humanity desires and what she has in common, *desiring goodness for all*.

Beloved Friends, you are aware that when we leave the body and pass from the physical realm, we attend the Temples of Spiritual Freedom. Here in these Temples, we let go all persons, places, conditions and things of the recent embodiment into the Violet Fire ...and remember our True Identity, our Divine Instrument. It is then we say to ourselves "why did I do, think, say or feel the way I did ...when this is the Truth". This is the Epiphany after leaving the body. The Violet Flame offers this same awareness *now in daily life*!

And after an embodiment, if the Soul is prepared through enough Light generated through goodness, then instead of preparing for the next embodiment, they may attend the Temples of Spiritual Freedom intended to assist in further development of Solar Consciousness. And these are exactly the conditions that the Gathering of Ascending Humanity now offers all Lifeforce on Earth ...in preparing for Solar Consciousness at the end of this planetary Cycle, without requiring

'death' of the body ...but rather simply the 'passing of ego-self'. This is the *Endings and New Beginnings* we speak of!

Let us stand together in the Temple of Spiritual Liberty...a Forcefield that magnetically draws us into its Cohesive Power of Divine Love. And now that we carry the Lifeforce of our sweet Earth along our Solar Spine ...we also carry Humanity into her Spiritual Freedom with this Light Service. Together, standing in the Light, we stand in the Mystic Ring of Violet Fire, before the Eye of Divine Liberty. Here we concentrate on all Lifeforce Ascending with us ...the entire Seven Leveled Pagoda Ascending into Solar Consciousness, in alignment with First Cause:

From sub-atomic life,
to simple cellular plant and animal life,
to complex and developed plant and animal life,
to mass consciousness of Humanity in her daily life,
to 'accelerating evolving awareness' of Humanity,
to the Wisdom Consciousness of Humanity,
to Ascended and Free Humanity!

In my Teachings through the decades, I have spoken of Liquid Light¹. Recent Ascended Master teachings have spoken of Quantum Matter. The two are the same principle. In Quantum States, persons, places, conditions and things all operate differently, including their interrelatedness ...as to how they relate to each other and their surroundings. This is an aspect of *Spiritual Freedom* that will transform the experience of living on our sweet Earth.

In our Ascended and Free statement: "Together, standing in the Light", let us reveal that 'together' means the 'vast interconnectedness' that unites all Universal I AM and now connects the Gathering of Ascending Humanity ...*connecting the entire goodness of the world*. This is the Reality within the Eye of Divine Liberty, that now brings the Spiritual Freedom Humanity so desires.

Let us affirm: I AM an Eternal Flame and its Infinite Radiant Light, wrapped in a Higher Frequency Consciousness, which provides a Cloak of Invisibility in daily life. Like an Ascended Master, I walk the Earth as my True Identity, within my Divine Instrument ...coming and going from 'particle-function' to 'wave-function'

¹ Current physics can create liquid light. Polaritons are a mixture of matter and light. In experiments, scientists can combine photons and excitons (a sub-type of electron) to create polaritons, which 'en masse' behave like liquid light ...staying together and not scattering, yet flows like a liquid, with no friction. This is how light flows around 'black holes' ...representing transformation portals to parallel universes in the expansive multi-dimensional universe. Such is the Consciousness coming with the Great Cosmic Inbreath!

...and back ...at my own free will ...depending on the service to offer life at that moment. I know this is Truth for me ...*as I do so in meditation every day!* I become empty of self, time and space and exist only an Eternal Flame and its Infinite Radiant Light ...in any Dimension or Realm of Light I choose. And then I also exist in daily life, choosing to function through my Elemental Vehicles provided me, and their Creative Faculties of thoughts, feelings, words and deeds, *in the world of form. This is my Spiritual Freedom* and a *cherished opportunity* as an embodied Light Server!

On one level, I AM the Flame of Immortality, upon the Altar of the Cosmic Christ, in the Temple of Cosmic Holy Spirit. On another level, I AM a family member, a co-worker, a neighbor in a community or nation ...active in the daily life of our sweet Earth. But I do so in my Cloak of Invisibility of Higher Frequency Consciousness ...like an Ascended Master or Angel serves daily life ...*unseen but consciously serving!* This is my Spiritual Freedom!

As an Eternal Flame, I dwell in the Peace of the Great Solar Quiet. As well as an active participant of my daily life, I may also dwell in the Peace of the Great Solar Quiet. Think of this. This is my free will, my Spiritual Freedom. I may help a family member or neighbor in crisis ...even as I dwell in the Twelve Houses of the Sun, in my Cosmic Consciousness! This is my Spiritual Freedom!

Spiritual Freedom is in applying the Love, Wisdom and Power of the Flame of Immortality to *Bless all life free*. It is the Violet Fire in action. I affirm, declare and decree with full God Authority, that: *'by the Power of the Three-fold Flame vested in me, I bless this part of life (persons, places, conditions and things) back to the Great Central Sun for repolarization, never again having to serve human creation'*. Using the Violet Fire, I bless this part of life back to the *Origins of the Violet Fire within the Central Sun*. This is the Power vested in me and this is my Spiritual Freedom!

Spiritual Freedom is in the Transfiguration of substance, matter and energy back to its Divine Potential ...to bring forth from the unformed ('wave-function' spirit) that which is necessary for a Blessing to Humanity or the Elemental Kingdom ('particle-function' substance). These were the blessings and miracles that Beloved Jesus revealed in his Ministry (fishes and loaves). Spiritual Freedom is in knowing that matter is only held in its solid state by the bonds of energy between and within the atom ...and that Sacred Fire may govern such bonds of energy. Ordinary matter may become Quantum Matter (ethereal), which may then become 'fully Spirit' ...or, return to physical matter ...all through the Governing God

Intelligence of Divine Love of my Eternal Flame! I AM in Constant Co-creation! This is my Spiritual Freedom!

The Violet Fire is a gift from the Central Sun for our New Age of Spiritual Freedom. It brings Transformational Events in Consciousness. The Violet Fire transforms our Faculties of Co-creation ...transforming our thoughts into Perfection Patterns ...transforming our feelings into the Quantum State emotions of Holy Spirit ...transforming our memories into the full Cosmic Momentum of our Causal Body ...transforming our flesh into our Light Body where every cell, atom and electron becomes its own Sun of the Sun ...with its own Infinite Radiant Light. This is my Spiritual Freedom!

The Cosmic Violet Fire transforms our food and water into Liquid Light Substance ...transforms our air into an atmosphere of breathable Crystalline Light ...transforms our rivers, lakes and oceans into Great Forcefields of pure Healing Energies. The Cosmic Violet Fire transforms a complex society into 'a connectome' of Harmony and Balance, a functioning Oneness Consciousness of all goodness within daily life ...with *unique free will* for all, but also practicing ***Divine Love and Reverence for all other Life***. This is my Spiritual Freedom!

In Spiritual Freedom, I see *all illusion* with Crystal Vision ...all hidden, systemic and unconscious bias and injustice. This is an awakening for Humanity ...a Transformational Events in Consciousness. Now I see it and ***Love it Free*** ...back to its Divine Potential of Inclusion, Reverence, and Justice for all life ...Mercy, Compassion and Forgiveness towards all life. In my Spiritual Freedom, I AM a Healing Forcefield in all its hues, fragrances, movements, tones and rhythms ...necessary for any moment arising in daily life. This is my Spiritual Freedom!

The Violet Fire brings 'empty of self, time and space' ...so there is *no self to injure or betray*. And therefore, the Violet Fire brings the Cloak of Invisibility ...where I may function in daily life, yet unseen by all the forces of imbalance and discord ...walking the Earth as an Eternal Flame and its Infinite Radiant Light. This is my Ascended Master Presence, that Ascended and Free State of knowing ***I AM Eternally Flame ...only an Eternal Flame*** ...even if currently embodied in elemental form. And I constantly bless the world with the Flame's Infinite Radiant Light ...that Cohesive Power of Divine Love, uniting all life in her Ascended State! This is my Spiritual Freedom!

I offer my Spiritual Freedom in Loving Service to Earth and Humanity. I offer my Spiritual Freedom to Father / Mother God and the Spiritual Hierarchy. I offer my Spiritual Freedom to all other Light Servers ...and all the right and perfect people, doing the right and perfect thing, at the right and perfect time, in the right and perfect place, in the right and perfect way! I offer my Spiritual Freedom in the Redemption, Resurrection and the Ascension of all life on Earth!

Beloved Friends of Freedom, let us bring the entire Pagoda of Seven White Ascension Doves with us into Spiritual Freedom. This is done through the Law of Mercy, Compassion and Forgiveness. Let us stand together with Humanity, those doing *the best they know how*, to live a life of Harmony and Balance ...together, standing in the Light! And together we affirm:

I ask forgiveness for the misuse of God's Holy Energy and the Elemental Kingdom. And, as I AM forgiven, so I also forgive all life that caused me distress, back unto the very beginning of time!

'Empty of self' is empty of condemnation, criticism and judgment ...empty of systemic and unconscious bias, and holding the Immaculate Concept of Equality, Justice and Reverence for all Life.

I AM the Cosmic Violet Fire now transmuting the cause, core, effect, record and memory of all aspects of self and ego ...individually, collectively and globally.

The Violet Fire now takes command!
It brings Perfection from God's own Hand!
God's Light takes full command today!
God's Light is here and here to stay!

Violet Fire contains the Electromagnetic Forces of Inclusivity, Reverence, Equality and Justice.
Violet Fire contains the Electromagnetic Forces of Mercy, Compassion and Forgiveness.
Violet Fire contains the Electromagnetic Forces of God Illumination and Spiritual Freedom.
Violet Fire contains the Cohesive Power of Divine Love, Uniting all life in her Ascended State!

I AM a Cathedral of the Violet Fire!
I AM the Celestial Source of Violet Fire,
as *an* Eternal Flame; one with *all* Eternal Flame.

I AM the Sacred Fire of the Flame of Immortality,
embodied on Earth, but anchored in the Central Sun!

I AM open and receptive to the Next Life Wave
of Spiritual Freedom ... *Coming!*
And SO IT IS, BELOVED I AM!
