

INFINITE CIRCLE OF LIGHT

I AM an Infinite Circle of Light.
I AM Ascended and Free.
I AM inclusive of all life,
living free in the Light.
I AM THAT I AM

From within this Infinite Circle of Light:

The Gathering of Ascended Humanity,

In union with the Royal Kingdoms of Angels and Elementals,

Through the cohesive Power of Divine Love
uniting all Life in its Ascended State,

Now emerges into Humanity as the Theme and
Thoughtform of this Sacred Month and Cycle of the Zodiac:

I AM AN ETERNAL ...PERMANENT ...ATOM OF CREATION!
I AM Eternal; I AM Unending; I AM the Permanent Atom!
I AM non-existent, existing in my spirit waveform.
Yet the creation of all form flows through me!
This is my True, Eternal Identity!

I AM expressing this *Permanent Atom* as a *Sun of the Sun*,
continually creating and manifesting Perfection Patterns in daily life.

I AM the *Three Spheres of Sacred Fire* composing this Permanent
Atom ...*Eternal Love* ...*Infinite Wisdom* ...and *Limitless Power!*

Within this Permanent Atom, I hold *the Crystal Vision*
of Ascended and Free Humanity, Our True Identity,
Our Eternal Truth ...our Oneness Consciousness!

I see with Crystal Vision that every Solar Christ ‘Sun of the Sun’ is now an *evolving Ascended Master Temple* within the Causal Body ‘Spheres of Light’ of Ascended and Free Humanity.

This Divine Vision is the ultimate Immaculate Concept held by the Silent Watcher Immaculata, as Ascended and Free Humanity begins to express the Divine Potential of our collective Causal Body in our Ascended and Free State, the Mighty I AM Race of Humanity.

This Beloved Silent Watcher has held *the Crystal Vision of Ascended and Free Humanity’s Causal Body* for eons, awaiting our Ascension into these Spheres of Light.

In Coherently Connected Divine Consciousness, and in the Name of the Presence of God I AM, *I call forth every Solar Christ Self* in Humanity to arise and awake into daily life and be the *governing God Intelligence of this Cosmic Moment!*

I AM the Gathering of Ascended Humanity, invoking every aspect of my collective Divine Identity into a *functioning Coherence of Divine Love* ...a tangible Oneness Consciousness governing this present Cosmic Moment!

It is my free will to express this Reality, this True Identity, within daily life ...so that as I AM raised up, so is all daily life on Earth *raised up with me!*

Being this Eternal Flame allows me to *float* through the Elemental world of form ...timeless, selfless, spaceless and weightless!

Being this Eternal Flame allows me to stand in the Light *with* the Angels and Ascended Masters, soaring effortlessly through the Spheres of Light.

Being this Eternal Flame allows me to stand in the Light *through* the Elemental Kingdom, expressing Perfection Patterns in the world of form ...including through my Body Elemental.

I AM Ascended and Free ...together, standing in the Light!
And SO IT IS, BELOVED I AM!

ASCENSION CONCEPTS

We continue as Builders of Divine Consciousness. We continue to further experience the core of our Ascended and Free existence as an Eternal Flame and its Infinite Radiant Light. We continue to understand what a 'Sun of the Sun' truly is ...the developing Solar Christ Self walking the Earth within daily life. We further understand the *nature of continuous creation* as the Permanent Atom of Creation, a perfect replica, made in the 'image and likeness' of Father / Mother God. We understand that even *within our atoms* is an Eternal Three-fold Flame and its Infinite Radiant Light ...a replica of the same Cosmic Flame that creates and sustains Planets, Solar Systems and Galaxies.

And we further understand the Cosmic assistance we receive to accomplish this Ascension. The Radiation of Beloved Lady Venus and all the Kumaras *continues to build and expand* through this Sacred Year. This is the descending Grand Triangle of Three Fire Signs that pierces into the Consciousness of Humanity with the most powerful Ray of Divine Love through Lady Venus directly from her God Parents, Krishna and Sophia. They intend to clear the way for the Ascension of Earth into the Orbit / Frequency of Venus ... thus allowing Venus to make her Ascension into her New Orbit, in an ever Higher Frequency of Divine Love. The System of Planets above us has left us a *Divine Legacy* of certain Energy, Vibration and Consciousness that we may now take advantage of on behalf of Humanity. It is like our parents on Earth leaving us an inheritance to ensure our success, as their developing offspring.

The Star of Spiritual Freedom is composed of the two Grand Triangles of Three Fire Signs ...one infusing Earth with Divine Love of Venus (and their Sun of Beloved Krishna and Sophia) from above ...and the other, the Ascension Aspirations of Humanity

piercing upward into the planetary Consciousness of Venus from below, from the Gathering of Ascended Humanity on Earth. This Star constitutes ***Humanity's Bridge to Spiritual Freedom***. We are embodied to anchor this Sacred Forcefield and expand its Sphere of Influence.

Operating outside of time and space, this can all be done from *within our own meditation ...from within our personal Sanctuary*. Our thoughts, feelings, words and deeds ...especially in a *global collective* Creation Process ...is as powerful as if the Ascended Masters were doing so, *as if they walked the Earth!* For this is exactly what the Gathering of Ascended Humanity is, a Forcefield of embodied God Beings utilizing the Sacred Fire Forcefields through their own Creative Faculties ...*from within Humanity*. This anchorage within Humanity is the key to ensure *this dawning New Age is permanent* ...that it is done *through Humanity*, rather than done *for Humanity!*

From Beloved Lady Sophia and the Sun of Love that governs Venus, comes a Higher Frequency of Divine Love now pouring into the *Mighty I AM Presence of all Humanity*. It then flows through the Solar Christ Self into the world. This is our Invocation this month, that this Divine Love now reveal itself as the necessary Energy, Vibration and Consciousness that forwards the Consciousness of Humanity towards solutions to *all* current problems ...culminating in Humanity's collective Ascension. These Mighty Cosmic Beings *clear the way* for our success towards individual and planetary Ascension. We only need to take advantage of this assistance, all encoded within the Theme and Thoughtform of this Sacred Year. This Higher Frequency of Divine Love is the Bridge over which we accelerate into the Planetary Orbit of such Cosmic Love. This all occurs outside of time and space, so that we need not *move anywhere in space* or *take any time* to accomplish this Victory! This Divine Consciousness intended for Humanity *has always been present, here and now!*

Our return current to Venus from within Humanity is *every aspiration towards goodness and the progress of Consciousness*. Our collective Love of Life and Love of God is our testament to Universal I AM. The more we see this with our Crystal Vision of Light, the more we see this goodness within all things. Every one of Humanity has a

spark of goodness and we expect that this Higher Frequency Divine Love will now fan this spark into the ***Fires of Holy Spirit*** pouring through each one. This allows for an *epiphany* for each one, in their own way ...in any field of endeavor within daily life ...family, education, technology, diplomacy, science, spirituality, finances, justice, etc. The Ascension includes every aspect of daily life!

For Ascended and Free Humanity is an Infinite Circle of Light, *inclusive of all life living Free in the Light. As I AM raised up, so is all life raised up with me!* And, SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF BELOVED GODDESS OF LIBERTY...

Beloved Children of the Flame of Freedom, I come as a Cosmic Mother, as I come to Beloved Saint Germain and all representatives of the Seventh Ray. I come to love and protect as the Feminine Ray does and to nurture the many gifts of the Seventh Ray that are to blossom through you. Collectively, you are doing exceedingly well ...yet you are also just beginning to appreciate the Mighty Forcefield of Spiritual Freedom that is dawning on Earth! The breadth and depth of its fullness will surprise even the most vivid imagination!

Much is written about the nature of liberty. True Spiritual Liberty is found beyond time and space ...and especially beyond self. To the Consciousness of Humanity this has seemed elusive ...like the Elysian Fields of mythology. But it is both the *original home and eternal goal* of all Spiritual Evolution. True Divine Liberty arises from *experience*, where knowledge becomes Wisdom. This experience takes place within our ‘adventures’ in Ascended Mastery ...in the many Realms and Frequencies of life’s expression, both in spirit and in form. Divine Liberty is where we *always begin* such adventures ...and, into which we *always return*. Divine Liberty is an Infinite Circle of Light!

This vision of ‘spiritual vastness’ in our development may seem daunting ...where we have experienced life’s adventures as Eternal

Flame and its Radiant Light *before even this world was* ...as well as after it fully dissolves into Nirvana’s Glorious Light. Yet when contemplated, it brings the very Peace the soul seeks. It is as simple as truly knowing and accepting that ***I AM Eternal Flame and its Infinite Radiant Light***. Like Alpha and Omega, I have no beginning and I have no end! Rather, *I AM an eternal journey* through the endless Realms of Light of Father / Mother God. And given this Vision, I notice with the *deep pleasure of a mother* that the Children of Liberty within the Gathering of Ascended Humanity have steadily graduated into this ‘Cosmic awareness’ as their *True Identity ...a Sun of the Sun!*

From this success we then graduate into our *collective awareness* as the Sun of Earth ...also an Eternal Flame and its Infinite Radiant Light. This Collective Level of True Identity is created through every Solar Christ Self ‘Sun of the Sun’ operating in Coherently Connected Divine Consciousness. This Planetary Sun then evolves the I AM Race, which originated within the Sun of Father / Mother God, but is required to be ‘*born again*’ through the Sun of the collective Light of that planet. This has already occurred on every other Ascended Planet in our Solar System. All are ready for the Great Cosmic Inbreath, and now Earth is being similarly prepared. The Gathering of Ascended Humanity is the foundation of this Truth as applied to Earth and her I AM Race, so that she too may be fully included in the Great Cosmic Inbreath.

The aura of the Sun of Earth is the Causal Body of the I AM Race, filled with the Temples of every Solar Christ Self / Mighty I AM Presence within Humanity! This is the Causal Body that Beloved Silent Watcher Lady Immaculata has held since she left the Central Sun with this vision from Beloved Father / Mother God. This is why in the origins of a Solar System, the original Divine Plan is *first presented to the Silent Watcher*, who then holds it in its Perfection Pattern until this Divine Plan can be accomplished by the I AM Race on each planet within the Solar System born from Father / Mother God.

The I AM Race of Earth is thus a Gathering of Sun Beings desiring to express Perfection Patterns in the world of form. This Gathering is of *One Origin* in the Mind and Heart of Father / Mother God. Its Divine Plan calls for multiple expressions of this One Perfection

Pattern with Seven Root Races, each with Seven sub-Races. This is a mirror of the Seven Suns under Alpha and Omega, each with Seven Planets. And so the I AM Race of Earth perfectly reflects the Universe from whence she sprang. This same Divine Plan manifests in physical / etheric form as the Seven Chakras that govern the outer vehicles.

This Perfection Pattern calls for a perfectly balanced Masculine and Feminine Ray polarity. From the global arena of the entire planet through to the smallest cells, atoms and electrons of form, each is to exist in an electro-magnetic aura of Masculine / Feminine Ray *Harmony and Balance*. This then allows for the Sun of Earth to reflect every Solar Christ 'Sun of the Sun' *expressing now in Coherently Connected Divine Consciousness*. This Forcefield is intended to be the *governing God Intelligence of this Cosmic Moment* and every other moment moving forward. This creates a '*Oneness Consciousness of such Supreme Love*' that no outer resistance can counter or yet remain.

All karma, every aspect of self, all restrictions of time and space ...dissolve in this Divine Love. The Mystic Ring of Violet Fire in which I stand (as I sojourn with you) is the perfect example of this Supreme Love ...the Ray of Divine Power infusing the Ray of Divine Love, creating the Cosmic Violet Fire ...now added to by the Higher Frequency Ray of Divine Love offered by Beloved Sophia. Our collective Light Service is now inclusive of *such Mighty Forcefields* of Light and Love, that it gives pause to even the most elevated of Cosmic Beings. This is the advantage of service to Earth during this current Cosmic Moment. For the Great Cosmic Inbreath brings greater opportunity for service and spiritual advancement not only for the embodied, but for all Cosmic Beings as well! Think on this!

Just as each Solar Christ Self is an Ascended Master Temple within the Causal Body of Ascended and Free Humanity, so is each of the Seven Chakras within our vehicle a Temple of a Major Ray with its seven sub-temples. And, so is every Three-fold Quark in every atom of our Being a Temple of Father / Mother God, representing the Permanent Atom of Creation. The Earth, with all its life forms, as well as every aspect of daily life, is truly Universal I AM expressing itself on Earth ...*if not interfered with by ego or karma*. It will otherwise express its boundless Perfection Patterns in nature as *Heaven on*

Earth ...and, for Humanity's spiritual development, an infinite array of Spheres of Light to sojourn with the Angels and Ascended Masters. *This* is what the Gathering of Ascended Humanity is co-creating! Think of the Violet Fire as that Energy, Vibration and Consciousness that will *undo the reign of time and space and self*. The Violet Fire transmutes the karma of self, the aging of time and the separation of space. The Mystic Ring of Violet Fire contains all of this Illumined Power for the entire Earth as an Elemental Planet. And for each one in Humanity, an individual Pillar of Cosmic Violet Fire from Lady Holy Amethyst will do the same. Hence through all Ascended Master Teachings, the 'picture of the Presence' contains the visualization of a pillar of Violet Fire around the self, projected from the Mighty I AM Presence ...that is, from Higher Frequencies of the Violet Fire.

Oneness Consciousness was intended to be the Greater Reality of not only *each Root Race* within the I AM Race ...but within *each sub-Race* ...and further, between each Root Race and the next! The Sixth and Seventh Root Races are incarnating within this Truth. But the Fourth and Fifth Root Races yet struggle. Some of the greater planetary problems of current daily life is this Oneness Consciousness trying to exert itself and meeting the last crescendo of ego resistance, of national, religious and cultural '*self*' ...and, of time and space limitation itself. Father / Mother God intended that the I AM Race express from one Perfection Pattern into Seven Major varieties and 49 sub-race Expressions of that Perfection Pattern ...but *all in Oneness Consciousness*. So now the Gathering of Ascended Humanity steps forth to wield the Sacred Fire to accelerate this intended process. By the ***Power of the Three-fold Flame invested in us***, we affirm:

I AM transmuting by the power of the Cosmic Violet Fire
all restrictions of self, time and space, gravity, karma and form;
and, *on behalf of every Root Race and every sub-Race*, I AM
soaring through the physical, etheric, mental and emotional spheres
of Earth on the Sacred Tones of my own Divine Keynote ...
soaring into Divine Oneness Consciousness.

From within my Pillar of Cosmic Violet Fire, I AM transmuting
all karma of self before it can act, manifest or longer be sustained,
all aging of time before it can act, manifest or longer be sustained,
all effects of separation before it can act, manifest or longer be

sustained, all heaviness of gravity, karma and aging ...all previous restrictions of time and space.

Together, standing in the Light, I AM the Divine Revelation
of the Original Intent of Father / Mother God!
And, SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF THE SPIRIT OF THE YEAR, THE SPIRIT OF THE GATHERING OF ASCENDED HUMANITY...

Beloved Ones, you who compose my Being as Permanent Atoms of Creation ...even as cells, atoms and electrons compose your embodied vehicles, welcome into the embrace of our Indivisible Flowing Wholeness. Together, standing in the Light, we are (I AM!) a *Sun of Sacred Fire* made up of individual Eternal Flames and their Infinite Radiant Light.

Our collective strength is captured in the declaration: **“By the power of the Three-fold Flame vested in me, I AM the governing God Intelligence of this Cosmic Moment!”** With this God Authority and in our Indivisible Flowing Wholeness: I Affirm and Invoke; I bless and Adore; I release and set free; I Transmute and Transform; I Heal and Harmonize; I Balance and set into Divine Order ... every aspect of life on Earth. I AM every Quality of God in Action along all Seven Planetary Rays ...and, I AM introducing the Unity of the Twelve Solar Rays into Humanity’s Consciousness. I AM the *governing God Illumination* of this Cosmic Moment! I AM the *governing Divine Love* of this Cosmic Moment! I AM the *governing Celestial Power* of this Cosmic Moment! And SO IT IS!

Our present ‘Quest’ is to fully understand and utilize this Power of the Sacred Fire. It lies at the core of our True Identity. During the Christian dispensation, the ‘Quest’ was for the Holy Grail. This Quest was physically represented by seeking the Cup from which Beloved Jesus drank at the Last Supper. From this Cup He anointed the Disciples with the Elixir of Holy Spirit ...the Holy Waters of Eternal Life. On a Higher Level, the Holy Grail was representative

of becoming the Cup of the Cosmic Christ embodied. The Quest was to find and become ***the ultimate purpose and fulfillment of the Christian Age.***

In this New Age of Spiritual Freedom, the Holy Quest is to understand, discover and *become the Permanent Atom of Creation ...to become the Creator ...God in Action everywhere present.* This is the True *Sun of the Sun* ...or what would have been in Christian Mysticism, the *Son of the Son* (as in the Holy Trinity of Father, Son and Holy Spirit). Through the Permanent Atom, the New Age of the I AM Race is to be *discovered and made manifest ...actually created on Earth.* This Permanent Atom is the Three Spheres of Sacred Fire, the ***Three-fold Flame governing this Cosmic Moment*** ...revealing an Era of God’s Glory on Earth. This is the Book of Revelation of the New Bible ...the Revelation of the New Truth!

The Permanent Atom re-creates the original conditions of Heaven on Earth when Lord Michael accompanied the First Root Race onto Earth ...when we walked the Garden of Eden. These are the conditions (Perfection Patterns) that we now establish for the Sixth and Seventh Root Race to enter in and fulfill the Divine Plan for Earth and Humanity as she enters the Orbit of Divine Love of Beloved Planet Venus within the Grand Progression of the Planets in the Great Cosmic Inbreath.

Affirm with great Faith: in my present Ascension, I AM becoming the functioning Permanent Atom on Earth within daily life. In this Ascended State, I AM the governing God Intelligence of my own ‘Cosmic Moment.’ And, in Oneness Consciousness ...the Coherently Connected Divine Consciousness of *every Solar Christ Self in Humanity* ...I AM now ***the governing God Intelligence of this entire present Cosmic Moment for the planet!*** Together, standing in the Light of my Permanent Atom, within the Three Spheres of Sacred Fire ...I affirm and decree with the full God Authority of God’s Three-fold Flame:

I AM the Gathering of Ascended Humanity, representative of the
Cosmic Christ, the World Teacher, Planetary
Buddha and the Lord of the World.
And I say to every blossoming Buddha,
every Solar Christ Self, every Child of God on Earth:

Arise awake ...arise awake ...ARISE AWAKE!
For, I AM the Gathering of Ascended Humanity and I claim this present Cosmic Moment of Earth's progress on behalf of Father / Mother God and *inclusive of every aspect of Humanity!*

Together, standing in the Light, ***I AM the governing God Intelligence of this present Cosmic Moment!*** (X3)

Into this present Cosmic Moment I enchant selflessness ... timelessness ...and Oneness Consciousness.
I AM empty of ego need ...of aging and waiting ... and of separation. I remain in the present Cosmic Moment of my Ascension, as Eternal Flame and its Infinite Radiant Light ...coherently connected with *every other Sacred Flame* and *all other Divine Light!*

With my mind empty of self, time and space, I AM the Feminine Ray of *Heart Centered, Illumined Love.*
I AM the Three Spheres of Sacred Fire: Heart Centered Wisdom, Heart Centered Power and Heart Centered Divine Love!

Accentuating this Forcefield of the Feminine Ray, I hold the perfect Harmony and Balance for Humanity between the polarity of the Feminine Ray and previously prevailing Masculine Ray.
I AM both in perfect balance, as is Father / Mother God on all levels of their existence.

I do this for Humanity, for as I AM raised up, so is all life raised up with me ...the polarity of all cells, atoms and electrons and the polarity of Earth and all aspects of daily life, all aspects of society, culture, race and religion.
Everything aligns into the Divine Order of Harmony and Balance!

Together, standing in the Light, I AM a global matrix of Coherently Connected Divine Consciousness. I represent the descending Grand Triangle of Three Fire Signs of the Higher Frequency Divine Love of Mighty Lady Sophia, through Lady Venus ...the New Ray of Divine Love from the Sun of the System we Ascend

into. This clears the way ...and forms a Bridge to Spiritual Freedom for Humanity's Ascension into Higher Consciousness.

And together, standing in the Light, I AM Ascended and Free Humanity forming the ascending Grand Triangle of Three Fire Signs, as the return current of Gratitude and Adoration to the Kumaras and the I AM Race of Venus.

And together these Forcefields form the Star of Spiritual Freedom! I AM the collective Three-fold Flame of Humanity at the center of this Six Pointed Star! I AM the Sun of Earth ... the Divine Consciousness of every Solar Christ Self in *Coherent Unity.*
Collectively living daily life as this Sun of Earth, *I now expand to fill the Star of Spiritual Freedom,* with the Divine Light and Love of the Gathering of Ascended Humanity.

This is the signal to Universal I AM that Earth and Humanity are now ready to be *fully included* within the Great Cosmic Inbreath of all life towards its *Divine Source of Love, Wisdom and Power.*

Beloved ones, one of the sponsors of the Gathering of Ascended Humanity from its inception has been our Beloved Lord Gautama. He desires to pass on his legacy of Enlightenment to all Humanity as he did when in embodiment and much more since his Service as the Lord of the World. He taught impermanence and that all things end and new things begin ...all within the Cycles of the Universe.

The teachings of impermanence are the Path to Peace. An individual Flame is always attuned to the Universal Fire from whence it sprang ...and to which it always returns. Its manifestation in form is a 'Cosmic Moment of opportunity' to reveal to the 'world of form' the glories of Oneness Consciousness within the Universal I AM. And then it disappears back into Universal Fire where it becomes once again everything that '*Universal I AM*' is ...hence ***I AM that I AM!*** Lord Gautama taught to become this Reality when in the body ...to become the Bodhisattva. Beloved Kwan Yin, one of the sponsors of this Year, gave her Sutras of Love in Lord Gautama's Holy Name and noted that Mercy, Compassion and Forgiveness springs from this same Enlightenment.

Empty of self is not only empty of the base cravings of the senses, but also empty of the fear of ego losing its domain of control. *Empty of time* is losing all sense of ‘waiting for time to pass’ and the aging that occurs while waiting. Eternal Youth and Beauty *beyond time* replaces the aging *within time*. The true nature of Love is patience ...not the ‘grin and bear it’ patience of ego, but the *non-existence of time* of Eternal Flame, where everything is simply ‘in the moment.’ Thus patience is like the water to the fish, just the natural experience of being ...of Being in Love. ‘Empty of space’ is freedom from separation ...and, freedom into the experience that Universal I AM continuously inbreathes me into its Oneness Consciousness ...and, that I continuously outbreathe from the center of Universal I AM, all its Glory into the world.

Beloved Ones I offer you *Holy Communion* with your own Divinity (empty of self, time and space) ...and Holy Communion with every Solar Christ Self ...One in Coherently Connected Divine Consciousness. I give you Songs of the Holy Grail (from ancient languages translated into current language), sung to the Solar Christ Self at the Ceremony of Holy Communion, also known as the *Golden Chalice Ceremony*.

‘I AM’ THY CUP

I AM within the Stream
of my Christ’s own flowing Love.
I hold my Cup straight up to Thee
Great Presence of all Love!
Fill now this offered Cup
‘til it runneth sweetly o’er,
as I now stand within Thy Stream
to Love and to Adore.

Here now I offer Thee,
all myself – Thy Holy Grail;
Beloved Solar Christ Self,
Thy Life in all I hail!
My Cup now runneth o’er
as I hold me up to thee;
Beloved Presence of my life
I AM at One with Thee!

I AM at One with Thee
My whole self – Thyself, all FREE!
For so it ordained to be through all Eternity!
Myself ...Thyself ...just Thee!
Thine own will now done in me.
Beloved Presence of my Life
I AM at One with Thee!

HOLY CHRIST FLAME

(Invocation)

Thou Holy Christ Flame within my heart,
Help me to manifest all thou art,
Teach me to see Thyself in all;
Help me to show each one how to call
all of Thy Glory from the Sun,
‘til Earth’s great Victory is won.
I AM we Love Thee; Thou art our all.
I AM we Love Thee; hear our call!

(Response)

I hear thy call my children dear;
I AM thy Heart so never fear!
I AM your mind, your body too;
I AM in every cell of you.
I AM thy earth, sea and sky;
And not one soul shall I pass by!
I AM in thee; thou art in Me.
I AM, I AM Earth’s VICTORY!

**AFFIRMATION OF THE ARISEN: BECOMING THE
HOLY GRAIL THROUGH HOLY COMMUNION:
MANIFESTING THE PERMANENT ATOM OF CREATION,
THE SPHERES OF LIGHT OF SACRED FIRE**

I AM a Golden Chalice of Living Divine Light.
I AM shimmering with the Essence of the Cosmic Christ.
I now accept these Tongues of Flame that ignite the
Fires of Love within every fiber of my Being.

I surrender all for the gift of God's Grace, the Eternal
Breath of Holy Spirit ...now pulsating within my body.
I now merge my being with the Oneness Consciousness
of all Love, retaining my Divine Individuality as the
Illumined Christ, embodied on this sweet Earth.

I AM the Gathering of Ascended Humanity,
Together, standing cohesively in the Light!
I AM the Cosmic Christ in action here.
I AM the Sacred Fires of Holy Spirit
Gracing Humanity with the Light
