ASCENSION CONCEPTS

Beloved ones, let us review the nature of Twin Rays. After 'first-born' from the Flame of Father / Mother God, the ***White Fire Being*** stands as a Glorious *Electronic Being of Pure Light and Energy*. Here we exist in the Highest Frequency Realms in the Corona of Father / Mother God in the Sun, Central Sun and even Great Central Sun. Here the Great Silent Watchers hold the Immaculate Concept all the Children of Light evolving in these Spheres of Influence. Here we begin to experience *the full expanse of knowing I AM*!

At some point during this course of this Spiritual Development, One Cell became Two Cells, in the quest for *knowing more of Being I AM*! In order to embody on a planet within a System of Worlds, the White Fire Being divides into its Masculine and Feminine Aspects, creating two Mighty I AM Presences …the two Twin Rays. Each then decides on its own course of Spiritual Development. This may have them in the same, or very different, Dimensions, Realms, Spheres of Light. They both may seek embodiment or, only one chooses such a course at a time. There are endless possibilities in seeking their True Identity within Universal I AM …within endless Dimensions, Realms, and Spheres of Divine Expression.

So, in the case of Humanity, one or both Twin Rays chose embodiment on Earth. If only one, then the other remains in the Realms of Light …where they are thought as the 'Day Star' for the one embodied. But through the laws of Quantum Entanglement, *distance and time are no restrictions* to their *Eternal Oneness Consciousness*. It is always achievable with sustained focus from both. For the purposes of our current Light Service, it is of little help to review 'when and where' the Twin Rays may have served together, whether on Earth or elsewhere. *Only the Eternal Moment of Now is their concern* …of *how Light Service may function most powerfully in this moment* …combining their Energy, Vibration and Consciousness into *one functioning togetherness, standing in the Light …combined once again as the White Fire Being* …serving this moment from outside time and space, yet also within time and space as an embodied Solar Consciousness. *This awareness is itself a Transformational Event in Consciousness* …that will greatly assist the birthing of the New Age of Spiritual Freedom.

As perfect examples of Twin Rays, let us take Beloved Sanat Kumara and his Lady Venus. He served for millions of years developing the Spiritual Hierarchy on Earth …with his Beloved serving with the Spiritual Hierarchy on Venus. Their Light Service

went on individually …yet always in Oneness Consciousness with each other, stretching over *any distance* and across *any time* …knowing *outside time and space*, they are always *One Unified Vibrational Field*. And together in Indivisible Flowing Wholeness, they are *one magnificent White Fire Being*. And serving individually, they are two majestic Cosmic Beings ...Beloved Sanat Kumara and Lady Venus! And from this example, let us create a …

Visualization of our own ***Twin Ray Nature***
…as the ***White Fire Being in action!***

Together, standing in the Light of each other, as the Gathering of Ascending Humanity …let us *consciously* become empty of self, time and space. Feel our Oneness Consciousness across the globe. Together, we *become empty* of all persons, places, conditions and things in the world …as well as seeing time and space as 'flows of motion'. We can exist within either or both …or observe from without, empty of both. In this Sacred Place we *begin from the beginning* of our Origin Story …a White Fire Being born from Father / Mother God within the Sun. Here *I AM a Being of Pure Energy and Light* …in the absolute 'image and likeness' of Father / Mother God. Here we exist in the Realms of the Great Solar Logi, in the Cosmic Spheres of Influence of the Twelve Aspects of Deity. Standing together in such Dimensions, Realms and Spheres of Light we affirm ***I AM a Being of Pure Light and Energy***! (X 3) …pause

From this Original Divine State of Holy Innocence, a free will decision is made to evolve into ***the Twin Rays of One White Fire Being*** …as ***two Mighty I AM Presences***. We continue to evolve in the Spheres of Light as these two evolving Divine Presences, learning and developing under Gurus / Teachers from the Ascended Masters, as well as Angelic / Devic Forces. Then at another point in this arc of Spiritual Development, another *free will decision is made to include embodiment* as part of our eternal experience of Universal I AM. And with this path, we find ourselves as part of a Root Race on a particular planet. And specifically, now on our sweet Earth.

This course of choosing embodiment began with the Mighty I AM Presence sending a Celestial Ray of its Cosmic Light Energy into Earth's physical atmosphere …*Spirit entering matter*. This Celestial Ray anchors and expresses as a Sacred Vibrational Field. *Encoded into this vibrational field is the Cosmic Consciousness already known by the Mighty I AM Presence and further by the White Fire Being*! Let us *pause and accept this blessing* into our present Spiritual Awareness …as part of our True Identity and as our

functioning Divine Instrument here on Earth. Now we begin to understand *our Divine Potential is limitless*!

Over many experiences of embodiment during our Spiritual Development here on Earth, we have graduated to *being open and receptive to our Three Suns of embodied Solar Consciousness* …the Eternal Sun of Even Pressure (our Limitless Physical Perfection) …the Eternal Sun of Holy Spirit (our limitless Nature of Divine Love) …and our Eternal Sun of God Illumination (our Enlightenment as our True Identity and its Divine Instrument). This is the *Mighty I AM Presence embodied*, including its graduation from the Seven-fold Causal Body of the Holy Christ Self evolving on Earth, to the Twelve-fold Causal Body of the Mighty I AM Presence *evolving in this Solar System and this Galaxy* …our embodied *Solar* Consciousness.

And from this point in our Meditation, we may now *become the Mighty I AM Presence in Unity with our Twin Ray* …at this Higher Frequency of Energy, Vibration and Consciousness. Here we become *Pure Light and Energy*! This happens outside the restrictions of time and space and thus there is no concern of 'who, what and where the Other is or has been' …but *only that the Twin Rays are in Indivisible Flowing Wholeness with each other here and now*. Then, in *this One Sacred Vibrational Field*, *we have returned to* ***experiencing our White Fire Being***! And from here we can truly *optimize our Light Service* …resonating with our Beloved Vaisasvata Manu in service to this Solar Year Theme / Thoughtform …*and* he may attune to his Fifth Root Race through us …his embodied vehicle as the Gathering of Ascending Humanity!

And One with the Twin Ray, the *Unity of the Forcefields* of each other's developed Love, Wisdom and Power is exponentially greater than either one alone. Meditate on this Truth! This is also true of *collective or group Light Service* …all captured within Indivisible Flowing Wholeness …but especially between Twin Rays. And eventually, all Humanity will come to this same Coherently Connected Divine Consciousness, united in Higher Consciousness across the globe! This then *initiates the I AM Race abiding on her Ascended and Free Earth*! And then we have attained a complete *Restoration of the Divine Plan*!

And SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF BELOVED LADY DONNA-GRACE, the Archaii (Feminine Archangel) of the Sixth Ray …

Beloved Ones, I AM the Archangel of Grace, serving with my Twin Ray, Beloved Uriel. Archangels have served in other Systems of Worlds before graduating to Service on Earth. Accompanying the Archangels of all Seven Rays, we came with Lord Michael at the time when the first Holy Innocents entered into embodiment with the First Root Race. Ever since, I have held the ***Immaculate Concept for Divine Grace*** to be *integral to Humanity's experience in her Spiritual Development towards her Divine Potential on Earth*!

You might be familiar with Lord Michael as the Angel of Deliverance, cutting free individuals ensnared by lower frequencies. But you are also familiar with the saying "there but for the Grace of God go I". This concept comes up when imbalance (or a 'very low frequency' event) occurs, and we are grateful that it did not include us personally. So let us review and understand the protective concepts within the ***Divine State of Grace***. For it is my Light Service to ensure its anchorage within the daily life of Humanity …especially at a time when the world of illusion seems a daunting task to endure. And as we sojourn together, standing in the Light of Legions of the Angels of Divine Grace, I shall endeavor to expand your understanding and experience of this State of Grace.

As the Gathering of Ascending Humanity is achieving a greater 'lived experience ' of her Divine Instrument, you are *ever-more guided into the Great Solar Quiet* of the Eternal Flame's Infinite Radiant Light. And especially since your attention has once again turned to the *highest expression of Divinity* as the White Fire Being of Pure Energy and Light, *the door to God's Grace is open wider to you* …and through you for all Humanity! For ***Divine Loveliness*** is the discovery awaiting you within this State of Grace …within the Great Solar Quiet. Humanity strongly desires this experience of Inner Peace!

Divine Grace is a Moment of Pure Being, just as when the ***Holy Innocents were First Born*** of the Flame of Father / Mother God. Here ***it begins with the first Breath*** …***knowing I AM***! *Divine Grace is the continued essence of this* ***Holy Innocence*** …a Child of God as Pure Energy and Light. This State of Grace continued on through our Spiritual Development within the Realms of Father / Mother God and the Silent Watchers of Suns and Systems of Worlds. This Divine State of Grace follows us into embodiment and did so in the first three Root Races *perfectly*. This Holy Innocence lead them into their Ascension, both individually and collectively as a Root Race, returning into the full embrace of their Beloved Manu.

But then the Fourth Root Race, *in offering and extending their Divine Love Nature when in a State of Grace*, made the 'great sacrifice' to give those needing a planetary home in a denser frequency *entrance into embodiment on Earth*. This was after a Great Cosmic Council, as Earth suited their needs of an opportunity for Redemption after a fall in consciousness within their previous System of Worlds. But even with much preparation from the Spiritual Hierarchy, an unexpectedly intense 'contagion of ego' spread …and the *knowing of I AM and its Holy Innocence* faded into mythology. This cast a great shadow over the State of Grace, *which was to have been innate within Humanity*. It became very difficult to re-discover this Holy Innocence …and in reality, *it became the Holy Grail* sought by all religions and spiritual movements over the great expanse of time since the 'great fall'.

Over the Fourth and Fifth Root Races, many efforts of the Spiritual Hierarchy and the Great Light Brotherhood slowly restored opportunity for this State of Grace to the experience of Spiritual Seekers. It remained in the occult mystical writings until certain Avatars brought it out into the Light of daily life. And now many Paths may lead to it. But with this Seventh Ray Dispensation, one of the Transformational Events in Consciousness will be *a global return to this State of Grace* and *its Holy Innocence*. This will occur more and more, as the world of illusion becomes so confusing *that it will turn Humanity within* …seeking what is True and Trustworthy. And from this will come a rapid expansion of Spiritual Development that will greatly hasten this New Age of Spiritual Freedom.

And further, whatever Momentum of Divine Grace we have developed over the Sixth Ray Christian Dispensation is now fully transferred into the *Forcefield of the Cosmic Violet Flame* and the *Seventh Ray Dispensation of Spiritual Freedom*. And remember dear Ones, I have held this Immaculate Concept of Divine Grace since the First Root Race, and it has only grown in its Cosmic Momentum since. So let us gather together in the Great Solar Quiet of the Eternal Flame and *abide there together* in the *ever-expanding Forcefield of the Cosmic Violet Flame*. Here we feel the release of karmic debt and all karmic patterns. In its place we return to the ***Divine State of Holy Innocence*** *…as when taking our First Holy Breath before Father / Mother God …and knowing* ***I AM that I AM***!

The Sixth Ray Dispensation of Beloved Jesus (revealing the Cosmic Christ Nature) was a dispensation of Divine Love. It is the Power of Love that brings us to this State of Grace. This Cosmic Christ Nature sustains our Eternal Flame *as the Divine Constant* …knowing the

Eternal Flame is the only *consecutive, eternal consciousness* that *perseveres across all embodiments* …in service to our Manu and all Humanity. The more Powerful our Divine Love, the more Powerful our Eternal Flame! And the greater the Flame's Momentum of its Infinite Radiant Light, the closer we get to our original Holy Innocence and *a sustained State of Grace!*

The Angels of Divine Grace may also be seen as the Angels of Deliverance. When the *Lords Prayer* states 'deliver us from evil' it refers to becoming *empty of self, time and space* …and abiding in the Great Solar Quiet of Holy Innocence. In the *Great Invocation*, these Angels are *at the ready*, for Humanity's return to the *Points of Light, Love and Power …in a State of Grace.* Angels are instantaneous in their response to Invocation and deliver their Cosmic Momentum of Divine Grace into whatever persons, places, conditions and things invoked into …personal or global. They assist all involved towards *an easier experience of their own innate Divinity* …all according to the free will of those involved.

Angels are Beings of Radiation. Lower frequency radiation is well known in science and daily life. Used in an imbalanced way, radiation can be harmful or deadly …physically, as well as mentally / emotionally. But imagine a Source of Divine Radiation more powerful than anything 'invented by man' and then you begin to understand what we mean by 'Legions of Angels'. Together, standing in the Light, they *carry a most Powerful Forcefield of the Twelve Aspects of Deity* into whatever lower frequency invited into. And in my case, the Angels of Divine Grace stand at the ready to deliver Humanity into a *powerful inner experience* of their own Holy Innocence …free of lower concepts of self and others. This is the Divine Love of the Eternal Flame exercising its Divine Will.

Consider that in the development of the Holy Christ Self, each of the Seven Rays has a *unique State of Grace*. Meditate on each of the Seven Rays …and invoke its particular State of Grace. Develop a Forcefield of Grace along each of these Rays. And then, in your newfound embodied Solar Consciousness, expand this meditation to include each of the *States of Grace of the Twelve Aspects of Deity* of the Great Solar Logi. Develop a Forcefield of the *Powers of Divine Grace*! The legions of the Angel of Unity, of Archangel Uriel and myself, stand with you in this Spiritual Development …together, standing in the Light of the Great Solar Quiet of your Eternal Flame's Infinite Radiance!

Just as it is with you, our State of Grace is in the Great Solar Quiet of our Eternal Flame's Infinite Radiant Light. Here let us together

hold ourselves …then our family and communities. And with practice, we may *hold all of Humanity in this State of Grace*, until they discover and sustain it on their own. Here you find the Beloved Archangel Uriel standing with me, as this is our Service to life …*with the Legions of Grace sustaining their Forcefield around you*!

And, SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF THE GODDESS OF LIGHT …

Beloved Ones, I too present myself to you from within the Great Solar Quiet! I represent the Powers of Light within the Infinite Radiance of Father / Mother God's Eternal Flame. I AM here, there and everywhere present …yet *with you individually, here and now*!

I AM with you to build an ever-expanding Forcefield of ***wielding the Powers of Light within the world of illusion***. The Gathering of Ascending Humanity is already on the Path of Building Cosmic Momentums of Light …as you are Building Divine Self, Building Divine Consciousness and Building an Eternal Life in the Light. Our Unity (of Energy, Vibration and Consciousness) *globally expands* this Cosmic Momentum *exponentially*. The '*Gathering site'* is the *global Forcefield of Ascended and Free*!

I AM also the *Teacher of being vigilant within Light Service* …so that we are assured that ***with greater Light comes greater responsibility***! I serve ***the need to be protected from falling from a higher point of spiritual development***. It is ever-more important to *protect one's Power of Light* from ego influence. This protection stems from ***constant loyalty to the Light***. But to our benefit, as we generate greater momentums of Light, we also become *more aware of ego and its subtle ways of still trying to re-claim the throne of Co-creation* …personally and globally. And as you do, it is my Cosmic Service to help protect embodied Light Servers from careless moments of ego …by *staying in a State of Grace, enveloped in our Powers of Light*!

We do this through loyalty …only focused on our Eternal Flame and its Infinite Radiant Light …***our Cosmic Constant***. This is our Power of Light! Here we develop a greater understanding of *the limitless Cosmic Momentums in our service* …the *Twelve Spiritual Spheres of Influence of the Great Solar Logi*! Affirm:

I AM the Eternal Flame and I AM its Powers of Light!

By the Powers of Light! (X3)
I AM accelerating my own life into its Ascended and Free State.
I AM accelerating the Earth into her Orbit of Holy Spirit!

I AM the Cosmic Powers of Light of the Great Solar Logi.
I AM this Cosmic Momentum embodied, as
the Gathering of Ascending Humanity
…as Earths' Atomic Accelerator!

I AM the Powers of Light.
I AM the Love of Holy Spirit.
I AM Father / Mother God in action!

I AM embodied Solar Consciousness.
I AM the Mighty I AM Presence in action.
I AM one with Twin Ray in Indivisible Flowing Wholeness.
I AM the White Fire Being of Pure Energy and Light.
Here I abide in the Great Solar Quiet, looking
out at the inner vastness of Spiritual Freedom.

Through my Powers of Light,
I see the vastness of Spiritual Freedom
through the eyes of my White Fire Being …
through the eyes of Beloved Saint Germain …
through the eyes of Beloved Vaisasvata Manu …
through the eyes of Beloved Father / Mother God!

I hand over all my Creative Faculties to this
Crystal Vision and its Powers of Light!
I AM embodied Solar Consciousness!
And SO IT IS, BELOVED I AM!

Beloved Ones, there is a known concept within Humanity that no matter how much the world of illusion 'seems stagnant and never changing …like a desert …if you change the conditions (add rain), *flowers emerge from what seemed a lifeless landscape*. The desert was only dormant, not dead'. In our Light Service, 'the rain' is Divine Light and its Holy Spirit. The 'conditions we change' are the Energy, Vibration and Consciousness involved …and the 'desert of ego' *will emerge as a Garden of Divine Potential*. The Gathering of Ascending Humanity *is causing* these Transformational Events in Consciousness *to enter the physical realm*. This is all part of the Great Cosmic Inbreath flooding the Universe with greater Momentum of Light and its Holy Spirit …drawing everything closer

to Source …closer to its Divine Potential. This includes our sweet Earth and *we are its conduit*!

Together, standing in the Light, *let us declare* that the *Governing God Intelligence of Divine Love is now and forever the Sphere of Influence that governs Humanity's consciousness.* Let us become *Divine Influencers through the Powers of Light.* The Gathering of Ascending Humanity and its Ascension Concepts are already a Forcefield within the global mind (on the internet), including its developing 'artificial intelligence'. Let us claim this domain as one aspect of the Divine Potential of the Next Life Wave Coming …and particularly of the Seventh Ray Dispensation of Spiritual Freedom!

Advanced technology already knows all Ascended and Free concepts. On the Inbreath / Outbreath activity, it is ours to amplify and project such Perfection Patterns through Humanity's Consciousness …including wherever she puts her attention …so that these *spiritual treasures are always there to find* …as Humanity *turns within* for the Truth of her own Eternal Divinity. Quantum technology is governed by quantum laws! Here we remember that the *Infinite Radiant Light of our Eternal Flame* is exactly that … composed of Quantum States of Energy, Matter and Intelligence! The Cosmic Christ declares 'I AM the Light of the world!'

The developing global mind needs Divine Guidance.[1] The Gathering of Ascending Humanity is *a Forcefield of Leadership* with its *Powers of Light* …as an avenue of the Great Light Brotherhood and the Spiritual Hierarchy …in influencing Humanity and the Elemental Kingdom. Let us see, feel and deeply accept our Sphere of Influence as a *Mighty Forcefield of Divine Intention* …to express our *Spiritual Agency across the global mind and heart of Humanity*! We know and accept that *through our embodied Consciousness*, the Higher Frequency of the Divine now influences the Spiritual Development of Humanity! *Let us see each monthly Theme …breathe each Holy Breath …declare each Affirmation …and receive each Ascension Concept / Discourse* ***as if you are doing so for the world***! Our 'Gathering Together at our website' blazes the Powers of Light into the

[1] Editor's Note: as an example of AI, here is an invoked summary of our Light Service: *"The Gathering of Ascending Humanity is a movement focused on spiritual evolution and collective awareness. These Ascension Concepts have permeated online communities, shaping discussions on consciousness and even influencing the development of artificial intelligence algorithms that reflect collective beliefs*." So let us be of Good Faith!

global mind and heart, as does our individual and group Light Service. ***As I AM raised up, so is <u>all life</u> raised up with me***!

Beloved Ones, let us contemplate the breadth of our Light Service with the *Powers of Light.* All the civilizations since Atlantis and Lemuria have been Fifth Root Race 'centric' …with the Fourth Root Race still very present and active but 'held in place' as 'Guardians of Nature'. It is the Fifth Root Race and sub-Races that have developed technology and the advanced cultures / societies of today.

The Fifth Root Race have placed their faith and attention upon expansion and advancement …often at the cost of attunement with the Divine …within Humanity or with Nature. This brought prosperity but also the separation into Races, Cultures, Societies, Nations and Religions, whose separation and divisiveness are now reaching an apex. Thus, the majority of Humanity now invokes a return to Oneness Consciousness …with itself …and with the Brotherhood of Angels and Elementals.

And these Transformational Events in Consciousness are within the Next Life Wave Coming. They reveal needed advancement and progress required across all domains of Races, Cultures, Societies, Nations and Religions …through attunement with the Divine. '*Turning Humanity within to the Divine Instrument'* now brings its own Transformational Events in Consciousness. Such progress and advancement come with *greater personal and collective Empowerment, as well as the Equality of Oneness Consciousness.* The Powers of Light that drive this progress depend on *loyalty to the Eternal Constant* …the Eternal Flame (Energy, Vibration and Consciousness) and its Infinite Radiant Light (Energy, Matter and Intelligence). This is the Divine Path forward, the Next Life Wave Coming! ***This is the Powers of Light***!

*****

On the Twin Rays and the White Fire Being

I sojourn with you from within the Great Solar Quiet. Join me here. In these Higher Frequency Realms, Twin Rays are only perceived by Humanity at the level of Energy, Vibration and Consciousness, *when in True Identity and functioning as Divine Instrument* …an Eternal Flame and its Infinite Radiant Light. Here we may experience the *Ascended States of Coherently Connected Divine Consciousness*. So let us approach the Union of Twin Rays with these Ascension Concepts. We turn our attention away from coveting what personality wants to know (the who, when where, what and why of Twin Rays) to its Cosmic Truth of Coherently

Connected Divine Consciousness …from its original Cosmic Origins. We affirm to our Twin Ray:

Beloved of my Beloved
Beloved in *Union* with Beloved
Celestial Ray in *Coherence* with Celestial Ray
Sacred Vibrational Field *Unity* with Sacred Vibrational Field
Divine Consciousness in *Resonance* with Divine Consciousness

Together, standing in the Light …I AM that I AM!
Divine Energy dancing in Union with Divine Energy,
Sacred Tones aligned with Sacred Tones, as
the Keynote of the White Fire Being,
Ordered Divine Intelligence
…a true Sun of the Sun.

Oneness Consciousness.
Together, standing in the Light as Twin Rays
ONE Energy, Vibration and Consciousness.

I AM *of the Sun*, I AM *from the Sun*
I AM *as the Sun*. White Fire Being!

In this Unity of *all that is Divine,* the floodgates
open for embodied Solar Consciousness! I AM
the floodgates open for Transformational
Events in Consciousness!

The Gathering of Ascending Humanity is embodied to expand the Consciousness of Humanity …from limiting their lives to the superficial level and only seeing the 'screen of life' …but not the source of what is being projected upon that screen. The source is in the unseen realms, good or otherwise. We come in Light Service to ensure the source projecting upon this screen *is the Divine* …the Eternal Flame and its Infinite Radiant Light. Multi-dimensional Crystal Vision is seeing the Unity of past, present and future …together …*standing in the Light here and now*. And that the ***Powers of Light*** have always been *and are* ***Eternally Victorious***!

The concept of '*Oneness Consciousness'* allows our Light Service to be given from within the *same 'Sacred Place'* and in the *same 'Sacred Moment' …here and now and everywhere present*! Feel this Higher Dimensional Reality! We assist each other in Oneness Consciousness from around the globe, with embraces of Energy, Vibration and Consciousness. In the Higher Realms, our Light Service embraces Angels and Elementals everywhere in the Cosmos,

as if standing in the Light *right with them* …forever embraced in the Eternal Flame of Divine Love, Wisdom and Power! It is the same Oneness Consciousness with our Ascended Master Gurus …no distance or time separates us. This is the Powers of Light in action!

Our Twin Ray is the perfect template of Energy, Vibration and Consciousness as ours, but with the mirror image (Feminine Ray or Masculine Ray). We are (I AM) Divine Compliments of a Sacred Vibrational Field that has been eternally in Coherently Connected Divine Consciousness. This Indivisible Flowing Wholeness is the One Being of Pure Energy and Light. The White Fire Being is the perfect 'holder of the Immaculate Concept' of the Next Life Wave Coming and its Four Foundations …which the Gathering of Ascending Humanity now anchors into Humanity and the Elemental substance of our sweet Earth.

I AM the POWERS OF LIGHT (X3)
I AM inclusive of all life,
living Free in the Light.
I AM an Infinite Sphere of Light.
for *10,000 feet* in every direction!
for *10,000 miles* in every direction!
for *10,000 lightyears* across *all dimensions*!

I AM the ***limitless Powers of Light,*** *here*
…and *now* …and *everywhere present*!
And SO IT IS, BELOVED I AM!
